To The Government, as the world... I didn't... see it, The video...
to verify if it's the correct video... so --- I'm not surprise at
their response, since when have not this Government, country, Nation

Advocate by subjecting me to sexual harassment, which for
Most heterosexual man is RAPE ~~and~~ in and of itself.
For some time when I was in module "A", the correctional officers
during grave yard would come around me intentionally to try to catch
me jacking off... masturbating... Intentionally to try to catch
it's not as if I was doing some sticky, shit... An act of
perverse, or perversion... Like, standing up in the middle
of my cell intentionally consciously ~~and~~ without being punked !!
masturbating with my celly in the cell or when a female
C/O is during her tier check and I know she is about
to make her rounds... Know!!! I was just engaging
in normal, natural healthy male gratification, while
lying down on the bunk in my assign Imu cell.
I've been down 20 years... most of that time in inter-
-stive management housing... I know to these fucking animals

insinuate such... obnoxiousness!!! one time a guess they
succeeded... they stage this big ASS incident to catch me
masturbating... It was an collaborated effort...

RE: Tort Claim # 31083604

Dear Mr. Phipps:

The Department of Enterprise Services, Office of Risk Management (DES ORM), has reviewed the tort claim filed against the state of Washington on April 08, 2016. Your claim alleges that a Washington State Department of Corrections (WSDOC) custody officer "rubbed his genital up against the right-side of [your] lower body and butt area" on March 26, 2016 as you were being escorted by the same "to the yard and shower". You are seeking \$25,000.00 in damages.

Our investigation of your allegation revealed no remotely credible evidence of the incident as you described occurring both in your original tort submission as well as your "more detailed" response received in our office on April 25, 2016. Our review of numerous WSDOC videos memorializing your escorts to and from the yard and shower, including the two dates you mentioned, depicted nothing like you described.

It appears that perhaps you take some form of pleasure in making very serious, but false, allegations against WSDOC staff. Our office has taken note of this. Based on the outcome of our investigation, your claim against the state of Washington is denied.

Sincerely,

A handwritten signature in black ink, appearing to be a stylized name.

* I guess in Their TRYING to MAKE it illegal or just Forbid Me.

THEY stage, This incident, to which they book Me for 1 count of custodial Assault. (They tried to kill me twice in King county jail. But Failed!) TO SNATCH AWAY My Constitutional Right to be Free of UNREASONABLE Sear And seizures in this state. IF I don't get A Fair shot in court to challenge My conviction, then They will subject me to what they call test strip Searches And property searches for the rest of my Life...

I don't know... I'm skeptic... I 'hate' this Country... IS THAT Fair to SAY,, without being A Terrorist... Shit... what!! Am I talking about. I'M,,, choc'olate!

Through and Through... IT'S the reason why they still call Me A slave,. The Reason why they enslaved me into A hateful unforgiving process... And fighting extremely hard to keep Me entrapped in this hateful pit of disgust... 'Today' (5.5.16) They stage An incident to catch Me exercising in my room from the Legal Paper I have. I Thought of the ideal to wrap some of My Legal Pleading up in A sheet to (List) exercise with. They hate Me, And is out to Rape me of Everything including My Life, IF I don't figure out A How to stop them... I guess IT'S why I blog... To Try to Build Social Support...

I Thought! How--- will They pull it off... "My death" THEIR 'murder'. I guess-IT'S,, simple. Really!! when you are the Government,

I've Already Been infected with Numerous
of Diseases ~~that~~ That kills. I'm like most American
Citizens are prescribe Symptom Base Medical treatment.
I've Been isolated from General population Housing and
Society To Generate Independent Financial Support
To obtain The ~~correct~~ correct Health care treatment.
They prescribe me the medication. So, I guess.
To speed up the process... They only need to stop
The medication. ^{Because} ~~And prevent me~~ They are already
preventing me from obtaining Life saving Medical
Care like most citizen... And you wonder why
There is a heavy Socialist Communist
Movement in this state and Nation.) And...
I-guess! The ~~process~~ course will just run it's
process... Like so many others...
But-- I guess the sad thing is the only people
who respond to my blogs are the very people
who I strike out to rid myself ~~of~~ and life
of, and battle daily. Fuck it! If these sick
Mutha Fuckas under KLU 72.02.200-280 want to
document the time I Jack off, Then,, I guess!
They can get a camera and when the day comes
to which I can challenge it in a impartial Court
System I will. But they will not succeed in
killing me under this Animalistic Statute.
How do I defeat a government that issue their threat
to Negro citizen on their official documents, sent to
A citizen off their state and country... Should I be
surprise... I mean, they kill Negro people throughout
the year in this country and sweep it under the
good ole U.S. of A rugS...

My death wouldn't be any different from the numerous of ~~death~~ Negro people who are murdered yearly... Just like that 9 year old chocolate child in a Cleveland Ohio Park playing with a toy gun. If his life didn't mean shit... to that white mutha fucka in a governmental uniform, that's task to protect and serve him... then mine don't mean shit to this hateful ass government... The Department of Corrections. Hey!! but, - The good ole U.S. of A still is the best country to be in... That's why I will make my life mean alot... They will not succeed, even if they stop my medication. I don't know why I tore up my copy of the last Blog... Maybe, I guess,, I lost - This spiritual fight with this pink coat, who keep calling me the 5th word on graveyard. I guess - I should report him to his superiors... The reason why I don't, is because, I'm praying that him and all the rest of them die or just go away... Maybe I hope and pray for that, so much... It is irrational, illogical,, but it's just this negro hatred in me for them... And for the record not all of them are white.

I'M

- Law Librarian (Lisa ~~Maro~~) filled gaps and directed non-effected offenders away from the scene and to lay down on the ground.

Staff were very conscientious and knowledgeable of crime scene preservation and acted within policy guidelines.

- Local I&I staff did an exceptional job with response and follow up of the incident. Appropriate reports, evidence, and Infractions were collected and shared with local PD and prosecutor.
- CISM activated the day of incident and a follow up approximately a week later with debriefing. All staff are very aware of CISM and had nothing but compliments regarding your local chapter.
- Management response and follow up to the incident was received very well by all staff interviewed. The superintendent responded to the hospital and checked on injured staff. This was HUGE in the eyes of your staff. Staff here had the upmost respect for the entire management team at Walla Walla and staff morale was OUTSTANDING.
- Mark ~~Knighon~~ was an outstanding representative for Walla Walla with the CIR team. He provided our CIR team with excellent information prior to the visit and during our time at the facility. The booklet he provided upon our arrival was very thorough and complete. His work and information provided easily saved our team a day's work. His work was second to none.
- CC3 ~~Boll~~ met all of the guidelines concerning Offender Phipps. Offender's intake was completed in 9 days offender's arrival to the Unit (this gave the Unit staff somewhat of an idea who they were dealing with), also met guidelines of Offender Phipps ONA by completing it, and assigning him to the correct programs to meet the needs of that assessment.
- Mental Health ~~Miller~~ did complete an intake in a timely manner.
