

BLOG May 14th 2016

I'm currently located in Redgranite, wherever that's at, w/ 2 day, this "open house" Saturday it snowed heavily yet briefly from approximately 8-10 minutes.

People panicked. Freaked out. Tried 2 wrap there minds around it. Earlier Dj. Mark in the Morning, said "what's up w/ Mother Nature I woke up 2 37°..."

Others 2 have asked us of late (lately) "What's up with Mother Nature?"

well here's the honest 2 God answer...

Nothing up w/ Mother Nature.

What's goin on is a sign of the times. The end times

When asked about signs of His 2nd coming (Matthew 24:3) Jesus went and say "N u shall hear of wars N rumors of wars: see that u is not troubled: 4 all these things must come 2 pass, but the end is not yet. 4 Nations shall rise against nation, N Kingdom against ~~kingdom~~ Kingdom: N there shall be famines, N pestilences, N earthquakes, in divers places. All these R the beginning of sorrows." Matthew 24:6-8

Pestilences = diseases

Famine = scarcity of food

earthquake = a commotion (of the air) = jolt (of the ground)

That's it's snow!

Look at the increases of disease - bird flu, swine flu Zika virus, etc.

Look at wI had an earthquake a few years back, the increase in volcanic activity

Look at the famines of food N water N mostly love

Yes the labor pains R here. The sorrows R here
The commotion of the air is here. People get ready

He's coming back!
