

IN THE LIFE OF A CONNECTICUT PRISONER Vol.3 No.2

By Richard Stevenson

GREETINGS FREE WORLD! How's everything going out there? Sorry it's taking so long for you to hear from me but we are dealing with employees who hate us for no other reason than the fact that we are prisoners. Listen. I have a little something to let you in on. As you probably know, you can't have a free Republic (which is what this country was founded as) without a transparent gov't. Every obstacle is a step away from this brick in our foundation be it various laws, an Iron Curtain or a giant wall within our borders.

In the name of transparency, I educate some and remind others of the following bit of information: Our nation's federal laws are organized in a set of books called the United States Code (USC), located in most local and state law libraries.

I want to bring your attention to the cite 42 USCS §2000e
Definitions:

United States, a corporation wholly owned by the Government of the United States...

So when you hear any politician speak of the United States understand who they are really speaking about. I had to ask myself, "Who are the actual shareholders of this corporation?"
Do you have any idea?

Rich.
