Isn't it so utterly awesome how that Snowden dude leaked so many secrets exposing Military & CIA operations, (that were posted on "Wikileaks") and yet a stolen laptop computer from a Prison HealthCare employee with 'Protected Health info' will never expose how many prisoners between 1996 and 2016 have exponentially added on to the burden of medical/mental health expenses.

Information regarding the number of HIV/Hep C patients infected while in prison; And information on the number of Transgender mental patients - transitioning while in prison; Or the quantity of psychotropic drugs now being prescribed to prisoners, who don't have a history of mental health issues before prison.

Isn't it awesome that none of this info. is available to the taxpaying public, because the mental health industry enjoys utilizing the Doctor-Patient Privilege? Doesn't anyone remember what atrocities the Psych. industry has done behind the closed doors of their mental hospitals in times past?

Of course there are 'perks' now which attract prisoners to voluntarily pursue chemical castration and lobotomies "free of charge", such as females would enjoy at a mens prison. But how in hell are prisoners who never had mental health and/or gender dysphoria issues coming into prison, now permitted to manipulate the system as mental health patients and make such a drastic and life changing choice - while in prison?

Thirty years ago I went into prison a scrawny kid and paroled seven years later a virtual Superman. And now, almost twenty years back in prison, I'm starting to see guys live known for awhile, now becoming hermaphrodites, bless their crazy hearts. Not to mention how many prisoners line-up now for the free (psychotropic) drugs. Sure! I'm not complaining, mind you. I'm damned to spend the rest of my life in prison for de-limbing a tree - so I can appreciate living it at a co-ed prison. I've spent years at Pelican Bay and Folsom Prisons when I was younger and raising hell - so why not spend the rest of them watching dudes turn into chicks, and ghetto thugs live like Kings?! It pretty much beats anything on T.V. - and I've got a front row seat.

Yea, you people out there should probably maintain your relationships with the people you love in here, lest you lose them to this mad house. Ez 33!

Dear WILLIAM GOEHLER,

We are contacting you because of a possible information security incident involving your personal information.

What Happened

On April 25, 2016 California Correctional Health Care Services (CCHCS) identified a potential breach of your Personally Identifiable Information and Protected Health Information that occurred on February 25, 2016. An unencrypted laptop was stolen from a CCHCS workforce member's personal vehicle. The laptop was password protected in accordance with state protocol.

What Information Was Involved

We do not know if any sensitive information was contained in the laptop. To the extent any sensitive information may have been contained in the laptop, we do not know if the information included any of your information. If your information was included, the nature of the information may have included confidential medical, mental health, and custodial information. To the extent any sensitive information may have been contained in the laptop, we estimate that it would have been limited to information related to your custody and care, if any, between 1996 and 2014.

What We Are Doing

We regret this incident occurred and take these events seriously. CCHCS has taken steps to mitigate these types of events including information security training for staff and we are reinforcing information security practices. We are also taking steps to ensure that all CCHCS mobile devices include appropriate technology protections.

What You Can Do

We do not believe there are any further information privacy protective measures you need to take at this time. However, if you have concerns you can contact the California Correctional Health Care Services, Controlled Correspondence Unit, P.O. Box 588500, Elk Grove, CA 95758-8500.
