We as men need to understand that women are our (what's now) an eternally for us, by us it crazy cause the first thing come's out of our mouths when we're caught cheating is it's her fault cause she does understand how it is to be a man; well earth to the to the entire human race, they are what this nation strive's off of that's why we can't comprehend how it is to be a female to work hard or harder than we do at the <sup>(same)</sup> (position) and get paid a lesser salary and most likely more qualified than we are, and then put up with us

Enough said, I declare if I find my forever friend she'll know we're the true definition of beautiful (King and queen)
