

"Made for me"

(7-1-16)

P/Theresa  
Cully

I'm Captivated by the female anatomy  
I would gladly except being her (baby  
Daddy) Cause there's nothing on earth  
that's more joyous than the feeling of  
Complete satisfaction spent in a cosmic  
dimension it's like jonesing there's no cloning  
what's meant to be, the most wonderful  
enjoyment known to mankind !!

Please allow the sensation, that's racing  
through your "heart" to never depart an  
stand on a foundation that's built like  
(Noah's Ark) this is (Mozart's) a classic  
in the making I'm yours for the taking  
Record breaking, earth shaking I want  
to be her 7th wonder of the world  
While at the same time she's saying  
you were "made for me" !!!
