Hello! Between the Bars, July 5th 2016
Happy Birthday! O.J. Simpson Born:
on July 9th 1947 You will be 69 years young
on Sunday. I had to send you a
Shout out! From behind the walls. Your
Currently incarcerated too in the
State of Nevada "I don't care"!

I know you were born in San Francisco, Cali-
fornia. And you played Football For The
Buffalo Bills. And, you were in the Pro Football
Hall of Fame, Canton, Ohio in 2009.

Even though your locked up. I don't think
your a Bad Man. I believe you were
misunderstood by the world. Mankind
always try to judge others which is
insane to me.

I hope you are in great Health for your
special day on Sunday. I'm A true
"FAN" of yours but you don't know
it though Sir! I got your biography printed
off the internet from (2014).

I read it alot! Your Character reminds me
of my Ex-Lover. In your younger days. You
was brave, and bold. A real man I love it.
We don't have them in this world No more,
What A Shame!

You was on my heart and, mind this evening.
So I wanted to reach out to you on paper.
I want to forget about a (real man) and
neither will the world incarcerated or free.
You are a Superstar in my eyes Mr. O.J.
Simpson The Juice Man!

Well, just know you have a True Fan, from
Milton, FL Santa Rosa Correctional Institution, Main-unit
Happy Birthday Soldier! A honest Diva,
