1.

Loyalty

Not many people passés this so it's hard to find.
That's just one thing to pay attention to and keep in mind,
Loyalty is the ability to stay faithful to a person,
Whether it's husband, wife, family, or friend.
If you was there from the beginning you should be there when things come to
an end.

Some people have limits to how loyal they are,
Some will go to the ends of the earth,
"Others", they want even go that far.
You can tell those who are loyal,
They may slip up at times but their, there no matter what you do.
Loyalty is a bond between at least two beings,
If you have someone loyal you trust, "keep them close!"
Family or Friend,
If their down they'll be there for you when you need them the most.
So watch your company and who you keep near,
Because you never know who may turn and disappear.
