Dear Deenuno77,

Please let Bryce know that I wanted to let you know about a potential bad situation for him involving DOC staff. I wanted to let you know face-to-face, but I guess you took that the wrong way. Please accept my apologies if I was not clear on that. You know me from our Family Reunification work in the Visiting Room. That work is who I am Dee and I felt that you knew that. I am here to help all prisoners and do not operate in manners like that coward Paul would have you believe. Please reread my requests and see their true intent.

Take care of yourself and keep up the good work. Have faith in the cause and don't let cops/DOC employees/cowards cloud your judgment.
