THE "PLOT TO BUILD A COMPUTER" SAGA RAGES FORWARD

* * * * *

What follows is a letter from Timothy J. Muise's Legal Team in the ongoing saga of "The Plot To Build A Computer" lies fabricated by the Department of Corruption against Mr. Muise in retaliation for his exercising Free Speech.

The "Kiss Your Promotions Goodbye" actions of one Insecure Perimeter Guard Thomas W. Perriwinkle will not only haunt him in the system but will also come back to bite him in the United States District Court. These fools chose a dog who bites and I hope they have had their shots!

One of the most tragic layers to this saga is that these malicious DOC bastards chose to include two second degree lifers in their abuse. They fabricated a story out of whole cloth which could jeopardize these men's freedom. That is who the DOC is. That is how they behave each and everyday. This is why I work to expose them and why I will continue to do that for the rest of my life.

Please reach out to Governor Charles Baker and Secretary of Public Safety Daniel Baker and ask how the DOC can get away with fabricated charges against men who simply speak their minds about the failures of the Department of Correction? Reach them at;
