Dear ZuzusPetals,

Your the best. Keep fighting the good fight! You can't talk sanity to angry folks who hate themselves. People put prisoners down, they discount anyone's ability to change, and then they expect that their opinion will be widely heard; bottom line is they fire cowardly shots under anonymity at men who risk their personal safety for the cause. Keep your spirit and keep writing! Hope to speak with you soon. I am,

Iron bars,
can't hold spirit.
Terse words,
carry no weight.

Concrete slab,
builds pure power.
Scared coward,
lurks computer shadows.

Second chance,
rises the Phoenix.
Inward hate,
kills the critic.
