

Gods' Plan for me AND My Promise to God

Hello everyone, I believe I shared with you all the vision God gave me about the children and the man with the gun. If I did then you know that I swore an oath to God that I would give $\frac{1}{2}$ of all the money that I made for the rest of my life to start homes for street kids, which will be called Hope House. If you have been following my blog you may also know that it is my dream to become a published writer and my hope that I will be able to use this God given talent to turn my life around. Well, I need help to accomplish both things. First off, I am indigent, that means I have no money on my inmate account. The two times that God has blessed me with someone willing to help me with money, T.D.C.J. has taken it. I am in the process of trying to stop them from doing that but until then all I have to work with is 5 stamps and 5 envelopes, 25 sheets of paper and 1 very cheap pen a month. I need pens - paper - pencils - erasers and a pencil sharpener. I have been told that Amazon.com will publish my books for 60% of the sales price but I need someone in the free world to go there and download the details and send them to me. I need someone out there who is willing to help me set up a bank account so that the money made from the book can be deposited. I need envelopes - standard and larger ones - so that I can contact agents and publishers and send them my work and stamps to mail it all out. I either need to get a type writer or have someone out there help me get my work printed on a computer because as of right now all of my work is handwritten and as you can see my writing isn't easy to read. I'm not asking anyone to send me a whole bunch of money but if anyone out there believes in me enough or is willing to give me just a little chance, \$5 or \$10 here or there would be a tremendous help. Also, somewhere down the road I will need someone to help me set up Hope House. I intend for it to provide rooms, clothes, food, safety, health care, drug and/or alcohol treatment (if wanted), education - G.E.D. - High school - college - vocational (if wanted), counselling, transportation, therapy (if wanted). I can't have direct contact because of my charges but will support it with money. I used to live on the streets so I know what it's like and why these kids are there and God wants them to have a home because he loves them. If you can't help me with money please keep me in your prayers, I will not give up and I know God will show a way. God Bless you and keep you all of your days.
