Dear britt86,

Your comments on the Green Chickenhead are welcomed. He is in fact both ugly and white, but not fat. Whar he has done is attempted to serve us rotten food, literally rotten, on several instances. The last one was with chicken that had turned green, no kidding. Some stand up cons in the kitchen refused to serve it, called the prison investigators, and our illustrious food services director, The Green Chickenhead, was called on the carpet, nothing more. Due to the fact that it is the "Fox investigating the killing in the chicken coop", and that DOC gulag guards feel we are all less than human, men like the ChickenHead get away with abusing us and diminishing public safety by creating a bunch of angry convicts of whow 97% will be released to the communities.

This blog is an effort in exposing that, and I admit in an unorthodox sort of way. The gulag staffers have taken shots at us for years and this blog allows us to take shots back. Satire is a tool, but truth is at the core of all that is portrayed.

My hopes are that you would be interested in getting involved in the efforts to expose a failed system as well as the work to make real changes. Please contact me directly if you see a role for yourself.
