

Dear Winterlicht,

Thanks for leaving the comments. I'm not looking for everthing to be in my favor; I just want get the discussion going. Please understand that I don't handle all criticism that way; I just abhor cowardice. Some readers forget they give details only some inside they fence could know, and then out of fear pretend to be someone else. It does get my goat, but I appreciate you pointing it out. I learned my coping skills on the docks of Gloucester, am rough around the edges in many areas, but I am working on it. I value your opinion. Please stay in the discussion and if you see yourself playing a larger role please let me know. I am,
