RANT TO RAVE

AND OUR FUTURE...

IS understanding the changes Ahead of us. Those who surround us, battling to enslave and belittle us. Understanding the process of NAZI-eradication and human manipulation They will subject us to IF WE AS INDIVIDUALS, COMMUNITY, RACE don't figure out How to Establish An universal strategy to stop them.

WE have for most part become A RACE of organization within the cities and state of United States instead A RACE that is a community, A city, A state within the United States. Separatism from ourselves and the white race serve no true purpose that's Beneficial to us, AS AN ethnic people with A NATIONAL Citizenship in one of the most powerful industrialize country in the western world... we MUST figure out the TACTICS that is used by our enemies that implant RACIAL social spies with the sole purpose to disrupt, destroy, and Aid in the process of ethnic eradication.

IF they can do this without inflicting or with inflicting A limited amount of death upon us or infect our minds with A disease that compel us into self-destruction then we AS A RACE CAN Form A effective strategy that will Heal and unite us AS A RACE on common term for which will allow us to become communities, cities, states within the United States... But we can not AS A RACE Abandon our Right to BARE ARMS to defend ourselves.

IF the white RACE IN America, can live in A community with weapons. Then we AS A RACE can do the same thing. IS THE solution AWAYS where we go to Look or could it Be Right under our nose. To fix what's wrong with us. our Leaders.

I think they exaggerated the matter.
I ASK TO BE ESCORTED BACK TO my cell.
Because of the program manager Mike Walker pointing the marker at me IN the 4th class room and on the way out I seen the "Cunt" Lindsay.
So I called that lying bitch, ever! Name the Book.
for filling a snipe sexual harassment complaint against me.
Now I might deny some shit.. But I! what she assert...
Goes against my reputation... now I don't want to have

we must Acknowledge that it Has Been our spoil female of our race that HAS Betrayed and infected us in some kind of Plot to Replace us with a Better man that is Subservant to them. Because we Refuse to be Subservant to them... we must also Acknowledge that they are sick as well... but By Reasoning with them and getting back to our ethnic AWAY of doing things, we can Assert to the Mexican American Race, That; it is no such thing as the modern Black society for the old and original one, still exist and is vibrant with economical ~~life~~ evolutionary, life... Through common unity we AS A RACE will Acknowledge our right to Bare Arms to defend ourselves in order to exist and any Black face that Assert otherwise is a spy for our Adversary and must be expose like "Justice work" and Reason with. Through common unity we will be able to introduce ourselves to each other, communicate our hardships, compare notes and flush out the Disease / negative elements with a simple strategy that will not be Broken down but stand the test of war in this social warfare so we AS A RACE can be a Strong and Healthy people that is no longer the slave... but a citizen of Honor and privileges not only in this country but throughout the world...
