

The Greatest High Ever Pg. 1

Hello everyone, I just want to tell you about the best high I have ever had in my life. I started smoking weed when I was 10 yrs old in 1978. I instantly loved it. I felt great, I was happy and nothing was bothering me. I could forget all of my troubles. I wasn't shy when I was stoned. I was funny, no one was trying to beat me up and I could forget about what my step dad was doing to me late at night. I also started drinking. I began with beer but it always made me sick then I discovered some types of liquor made me feel good and I didn't get sick. My favorite was Seagrams 7. After I had a heart stroke while I was in the Army in 1990-91, I started dealing with a severe mental illness and I added pills to the mix with weed and booze. It was the easiest way to deal with the voices, paranoia and violent mood swings. Well I want to tell that almost a year and a half ago I found something that's better than all that stuff put together. It's cheap which is a good thing because I would never be able to afford the full price. My dealer is awesome, he has an unlimited supply of the stuff and he will give it to you for free. All he asks me to do is to share it with everyone. This stuff is totally addictive and I crave it all the time but that's okay because it's in my system now and I'm high all the time. He also protects me from his competition. Any time one of the dudes henchmen give me trouble all I have to do is say my guys name and they run away terrified. Now there are some side effects to this stuff. Happiness, people can't help but like you. Success. As long as you have this stuff in your system everything turns out for your good. Relationships, the people on this stuff bond together like a family. They'll support you, love you, never judge you or abandon you. Now, everyone will be able to tell that you are on this but there is no drug test for it and once they see you got it they'll only want you to tell them where they can get some. Man, I'm going to tell I was doing a bunch of drugs to feel good but everything I was doing was slowly killing me but this stuff will actually help you live longer. I know it's hard to believe but it's true. Take it from an old stoner. ~~Now~~ Now, are you ready for the name of this super drug? It's called "Gods' Love" and it really does everything I said it does. Anyone who has ever done drugs will admit, if only to themselves, that they do them to feel good, to fill a need, whether it's to stop the pain of our twisted lives or just to fit in, not to be rejected. If they are honest they'll admit that they do ~~the~~ more and heavier drugs because the hole, the emptiness gets harder to fill. I'm telling you that it's because the only thing that can fill us up and satisfy us completely is Gods' Love and he wants to

Give it to YOU AS MUCH AS YOU WANT TO GET IT. Call out to God, please, he loves YOU AND MISSES YOU AND WANTS TO TAKE CARE OF YOU. Do it NOW, DON'T WAIT ANOTHER SECOND, he will take YOU AS YOU ARE, trust me because he took me AS I WAS. When I called out to him I didn't even believe he was REAL, I did it to PROVE it WAS ALL FAKE AND he showed me a love that OVERWHELMED me. He is WAITING ON YOU, I PROMISE YOU he is, let him SURROUND YOU with a love so beautiful it will MAKE YOU CRY. Come home to OUR FATHER, come back to OUR FAMILY AND he will THROW A WELCOME HOME PARTY THAT WILL LAST FOR ALL ETERNITY. I love YOU but God loves YOU MORE, let him show YOU the life he meant YOU to HAVE. After all what do YOU HAVE TO LOSE. God bless YOU AND keep YOU ALL OF YOUR DAYS.
