

## Presidential Debate part 2 complicated but not complicated

Something stuck out to me that Donald Trump don't like to lose. When the question was asked Mr Trump, how would it affect you if you don't win. He made the statement if I don't get into the white house. I purchase me a business on Pennsylvania Ave right close to it. Mr Trump is entitled to purchase any business he wants to because he has the money. But my question is why this business? Why couldn't it be that be a business in Seattle somewhere? Is it possible that Donald Trump is going to hunt Hilary Clinton in some way if she wins. Because I find this to be strange behavior with ill motives behind it. ~~If you~~ personally myself when I lose a volleyball game, I charge it to the game. I say hey you lose some, and win some, I just try harder the next time. I don't say to myself Oh I think I will move next door to ~~my~~ one of my opponents. Unless I have some ill will. She beat me, I hate losing. I got her number. But if you go back a couple of months. They uncovered that Donald Trumps will do whatever it takes to get what he wants. Look at the building deal in NY; they was talking about. How he scheme to get the business deal. This showed he didn't like to lose. With him having a business next to the white house. Then Hilary Clinton can tell me do you think the ~~harassment~~ harassment and taunting is going to stop when the election is ~~over~~ over. Absolutely not. Sometimes when people who is rich without wisdom. They are greedy will do any foolish thing. I pay attention to small things that can lead to bigger actions. If I am wrong, somebody please help me see it differently. American listen to me. I wonder have anybody investigated Donald Trump? Their is saying that I know can be profound. Money talks BS walk. I believe in that sincerely when it comes to some politicians. They pay off people to deceive others. Do all kinds of crooked things because they got the money to do it. Will quickly pay somebody to hush. I wonder about Donald Trump what is hiding that nobody knows about? Everybody have been investigating ~~about~~ the everything about Hilary Clinton. Now what area had Donald Trump has not been investigated on? I am like Hilary Clinton there is ~~is~~ something in these

taxed he do not want the American people to see or know. I feel like he don't want Americans to know he is not who is portraying to be which is this successful business man. I truly believe we are dealing with a crooked, cunning, deceitful, greedy and selfish person. Listen to this if America trying to get away from violence. Why is Donald Trump rally promote violence. Half of his rally has been violent. How many of Mrs. Clinton rally has had violence absolutely none. Her character and integrity speaks for it self. If we are trying to deal with and solve racism issues, why is it when Donald Trump was asked about racism. He would not comment on it. Why because he is racist. I don't care about how many ~~black~~ African American Churches or African Americans on his side. People use things and situations to cover up who they really are. I am concerned about this country; when it comes to Donald Trump. This is just another channel for Donald Trump to get what he wants. African Americans open up your eyes. We got to stop letting people flabbergast us. There is nothing astonishing about Donald Trump. What would be wonderful is he don't get the seat in the White House.
