Dear William,

Thank you for sending the great successes on the application of Scientology in the prison. I am very happy you are helping others to improve their lives.

Best regards,

HELP*

Help Factor: the willingness to assist. This also has to do with Cause - what can the individual cause? "Help" is the make-break point between sanity and insanity. An organization which cannot help anybody will have a tendency to fail.

Dear Bill,

How is your day?

I got your letter as I have been helping some other inmates in other prisons lately. I've gotten books and other things to study and to do some simple Scientology processing. I can send you some stuff as well if you would like.

If so, is there a physical address that I can send things to you via FedEx? Can you get that to me and any details that your Mail Room requires. Like how many books per shipment, can they come from a Church or on from the Publisher, and can you get any CD's and/or DVD's?

Hope to hear from you soon.

CONTROL*

* When we say 'control', we simply mean willingness to start, change, stop, positive postulating, which is intention, and the execution thereof.

Dear Mr. Goehler,

Hello! I got your letter of 22 Aug. I was also just forwarded the last three letters set to Joe Riley. My apologies for taking so long to respond. Actually, truthfully, I'm really bad at responding to letters fast so I'm going to pre-apologize for any future slow responses as well. One of these days, maybe with enough auditing of my own I'll crack the "slow response" aberration.

Joe is in touch with me but on a special project for a bit longer and no opportunity to respond, at least for right now. He wanted me to respond so you didn't think he was ignoring you or disconnecting.

I've been working behind the scene with Joe on putting together a Scientology VMs into Prisons Program. Amazingly Joe's been mostly carrying the torch of the program, despite the fact that it has nothing to do with his functions here at the Church, purely because he is a caring person. But we both decided that it would be best to turn the program over to someone who has more time to care and make it grow. I wish I could say that person was me but, while this program is better connected with my post in the church, I am also over about 10 other programs as well -- human rights, drug education, traffic safety, The Way to Happiness, etc.

That said, I have a few very caring and experienced Scientologists, each of whom are OTs, who are going to be working with me on this program. I'm excited at the future of this fledgling program in development.

I'm of course playing catch up on everything. In reading your letters to Joe I feel like I'm missing so much. Please fill me in about you, about the Scientology group you have going there, about the people. Joe has mentioned a lot but I'm missing reality of who everyone is. For instance, right now, how many inmates meet as part of the Scientology Study group? What do they do? When?

It seems like more recently you've been having some successes on getting this group going. This is great!

I saw the improvement in your OCA. That's amazing!!! Such a win!

I loved your win about applying PR Tech and admiration -- such important and fundamental tech. One of these days I'll tell you how I applied PR tech to change the entire City of Los Angeles...no joke.

Okay, I'm going to send this off. Looking forward to your reply.

INTEREST*

* interest is more consideration than attention, and is therefore attention with intention to give or attract attention.

Why "Scientology", some may ask? ^{6/6} Be Cause! Just BE CAUSE!

Scientologist is one who controls persons, environments and situations.

"Scientology is used on life and its forms and products. The chief uses of Scientology are in the fields of education, organization, mental disability, social order and religion. Scientology is the first to give scientific meaning to these.

"A Scientologist is considered a professional if he uses Scientology in any of these fields and has been thoroughly trained in Scientology. Scientology means knowing in the fullest sense of the word. A Scientologist operates within the boundaries of the Auditor's Code and the Code of a Scientologist.

17

"A Scientologist is a first cousin to the Buddhist, a distant relative to the Taoist, a feudal enemy to the enslaving priest and a bitter foe of the German, Viennese and Russian defamers of man.

"The religion of the Scientologist is freedom for all things spiritual on all dynamics which means adequate discipline and knowledge to keep that freedom guaranteed.

"We are the people who are ending the cycle of Homo sapiens and starting the cycle of a good Earth.

"There are no barriers on our path except those we make ourselves. Our ability belongs to all worlds everywhere."

L. Ron Hubbard

That's Why!
