

leave the foolishness behind- Stop upholding others in  
My personal opinion on this election. their wrongs

I use to hear my great grand ma say this all the time. She would say if you listen to a person approximately 30 sec to 1 minute you can tell who that person really are. I grew up in church. But I didn't know there was a Scripture to back up what my grand ma was saying. Matthew 12: ~~33~~ 33-37 Either make the tree good and it's fruit good or else make the tree bad and it's fruit bad. Brood of vipers! How can you, being evil speak good things? For out of the abundance of the heart the mouth speaks. A good man out of the good treasure of his heart brings forth good things. But I say to you that every idle word men may speak they will give account of it in the day of judgment for by your words you will be justified and by your words you will be condemned. Everybody who is support<sup>ing</sup> Donald Trump is wrong what you saying to these lady saying hey this man sexually assaulted me. you telling these women lives don't matter. What you saying to Donald Trump hey you can do what you want to whomever and say what you want. Then Donald Trump is setting or standing lying in your face. Trump insists he's never

even met some of the women news anchoring  
him. Trump had called his accuser from the  
plane and had declared he will prove the  
allegations aren't true. The 2015 access tape  
he was speaking on was his voice. He was telling  
what he was doing. The proof is in the pudding.  
So why is nobody charging him with criminal  
charges. Nobody trying to destroy his campaign.  
He did it to ~~himself~~ <sup>African American</sup> himself. I got to say this  
Mr. Bill Cosby a prominent actor, comedy is being  
charged with sexual assault etc, has lost every  
thing that was dear to him. Do it because  
Donald Trump is white and I've always thought he  
is not being charged. He might didn't have  
sex on ~~him~~ <sup>himself</sup> him. Principles of the matter is he  
rape and kiss women forcefully. That is  
sexual assault all day long. So however  
making a sexual predator. My grandmas have  
always taught me the different ~~ways~~ <sup>type</sup> to criticize.  
She taught me some people criticize in a area  
because it's area that they are weak in.  
Because that area is bothering them, they have  
not even come their weakness. ~~But I don't~~

So it felt good to tear somebody else down  
that had even come that area. That's why it  
was so important for Donald Trump to bring  
out Bill Clinton's ~~not himself~~ infidelity. So  
he could feel good about himself and what

He had been down in dark. I wouldn't be surprised if some woman come out of the dark. Say I have been here for months for years. I am going to say for me. His apology put a bad taste in my mouth because it was not sincere. Because he is currently still lying. You see nothing is wrong with being wealthy at all. The problem's comes in when a person is so wealthy. They use their money to influence for the wrong reasons. Getting power by using ~~your~~ <sup>your</sup> wealth to do what you want to wrong. I've seen this same play with wealthy people for so long. Not all wealthy people like this. We have these type of people in our community of jobs and government. If you vote for Donald Trump. Next assure he is going to make sure these people stay in the offices even if <sup>to</sup> have to change ~~the~~ laws and policies. I want to say something to the poor communities. Truly the power is in your hand to change your own communities. I keep hearing about the jobs that was sent overseas. You have the power to create jobs in your own communities. I had a couple of friends who started out in their homes. You can get a ~~per~~ permit to operate your business in your home. My friend ~~was~~ was a baker. So she open a ~~eat~~

Catering business out of her home. Later she end up opening her own <sup>Bakery</sup> shop. I had another friend her ma's did hair in her home, now she has her own salon. you see you don't need Donald Trump to bring no jobs back what you need to do is use what you have <sup>to</sup> teach other to build your own community up. I remember when Kmart was about to close in our community. That community pull together and raised money in saved that Kmart. you have old house and building stop complaining. Go to the proper people get it torn down. Their ~~anti~~ are some architect in these communities that don't use their degrees in at. My granddad was like that he has degree in ~~anti~~ architect. But he also had certification in Plumbing and Electricity. Granddad was a self employed Plumbing and electricity. He would help build things. But he stay scratching building etc out. So I say this. Some of you like my ~~granddad~~ granddad don't want ~~you~~ to use certain degree you have. But that's where you needed the most. Help to rebuild these torn up neighborhoods. you start small. you can up big one day. People stop being afraid

I rather fail trying than not to try something. Stop depending on the president to bring new jobs to your own community. That is no reason to vote for Trump. People who stay at home. Do you realize you can have your own business. We use the computer for everything talking on facebook, Twitter etc. Fighting and everything else on social media. Why not use it for productive reason. You can do medical billing and travel agent. There are so many home base business. ~~There~~ It's a whole lot of American complain about not making enough. My parents and grandparents taught me about side hustle. Selling Avon, MaryKay, Watkins, Donuts and candy bars. We use to be known as the snack vendor on the block. We sold freeze pop (home made), candy, chips etc. You got to budget your money. So many Americans try to live above your means. I remember when I stayed section 8 which known as the project. Some people (like my friends) Girl I know you aint living over there. Your crazy. I said I'll be crazy. I have to live within my budget. My husband taught me some that really helped when paid our bills. Our appliances, rent, and lights. We paid two monthly payments at one time. So if you do get in a bind. It wont go on your record as being late.

With payment because it's already covered -  
Everybody vote for the right reason. That is  
you need someone who has a political  
background and seasoned to be our next  
President. Which is Hillary Clinton
