

TIRED OF THE B.S. of 'the WEALTHY & POWERFUL?'

If so, my comrades at the National Lawyers Guild have created a **FREE PODCAST, Motion to Resist!**, that 'seeks to DEMYSTIFY the LEGAL SYSTEM for activists, legal professionals, & the PUBLIC alike.' They will feature guests from the frontlines of Social Movements- like #BLM- lawyers, legal workers, students, etc., all of the same mind of **BUILDING COMMUNITY-LED POWER.**

Emma Caterine, co-founder, host, & student at City University of New York School of Law, broke down the motivation behind the podcast:

The oppressed peoples of the world are standing up to reject rule by the wealthy & powerful. The NLG has always been there to support movements; they are what inspired the creation of this podcast. **UNLIKE** the LEGAL COMMENTARY of CORPORATE MEDIA, we are **NOT AFRAID TO PRESENT RADICAL ALTERNATIVES** or to **BOLDLY STAND UP AGAINST MISOGYNY & RACISM** in U.S. LAW.
