Attention all viewers

I have been trying to get these bogus charges off me for almost 20 years. A lot of my ~~case~~ constitutional rights was violated purposefully. I have dealt with tons of people on this issue. Such as the innocent project couldn't help because there is no DNA in my criminal case. Just a bunch of circumstantial evidence. I really need help. So I am asking my viewers who can: ~~send~~ donate finances to help me hire these lawyers. So I can get justice in my criminal case. It is ~~\$50~~ \$5,500 to hire them. \$350.00 per hour if any dispute arise. I am wanting to pay them \$10,000 because my criminal case is going to need a lot of work because it is really a disaster and tragedy. There was never a proper investigation by my lawyer or anyone else. Cause if that was the case. I would have never been incarcerated. I am trying to go back to court on New Evidence under a Extraordinary motion for New trial. If you are willing donate to hire my new attorney I appreciate it. It don't have to be \$1000 just whatever each individual can tribute. you can send your donation ~~to~~
