

Blessings!

My name, is Tavares Jerrod Wright. I am 35-years-young, 6'2", and 210 lbs. I was born & raised in Polk County, Florida. I love exercising, reading, martial arts, and playing basketball whenever I'm allowed outside recreation. Being confined to this 6x9 cell nearly 24/7 I face many challenges, but I remain to be quite optimistic, athletic, energetic, and spiritual.

I was convicted of two counts of 1<sup>st</sup> degree murder and sentenced to death. Unfortunately, I'm not allowed to work nor participate in any educational/religious programs or other activities offered the general prison population. So, you could imagine how boring life is here too. Therefore, I send my words to you all, I'm open to all feedback. I like exchanging thoughts & ideas with others from different cultural backgrounds and religions too. Feel free to drop comments as you please.

I look forward to sharing thoughts with you all!
