RE: TWO YEARS IN Ad-SEG. NOW.

But there are alot of changes coming in the very near future. in January they will start letting us Lifer's have family visits now. (they are 3-day visits WITH family). which were stopped long time ago. And we can now have contact visits, and phone calls, I know it dont sound like alot But believe me it is a big deal. Plus im watching star wars I and II. all I need now is to drink a soda. and that would make my day.
