- SHIRLEYWORLD "FOOLS" VISIT NORFOLKWORLD / INEPTITUDE ON FULL DISPLAY

Well this pass week ShirleyWorld Disciplinary Officer Davie "Havent-a-Clue" and IPS Guard Tommy "Red Faced" Perriwinkle came here to WallyWorld to hold what they call a "Disciplinary Hearing" against the Free Speech Warrior for their bogus "plot to build a computer". Well without a doubt you could have thrown a tent over that circus as Tommy "Red Face" was redder than ever and Davie Clueless was stuttering his words. Tommy admitted OIS Reports existed and Davie had said they did not... Corrupt? Just a smidge. Tommy testified he got his "cyber terrorist definitions" from a prisoner; a "confidential informant". No not from a dictionary or an expert, but from a prisoner. Again, you cannot make this shit up! Tommy was so Red Faced and Davie was so embarrassed, that they had to ask to "go into executive session." You know what that means? It means they had to meet in an attempt to cover their tracks. Bad news Tommy: you fucked it up! Forget those resumes' to the CIA, your not spy material. Bad news to you as well Davie: you are fucked when we get to court. The ole ShirleyWorld "we do what the fuck we want" mantra will be out the window when I put you on the witness stand. You two fucking bozos showed just how friggin "professional" you are at this hearing: professional fools. At the end of the day you have to go home and know you lied all through this. You tried to frame a man just because he cracked wise about you on the internet. Oh, by the way, Lt. Awe (I'm still in "awe" that the rest of the pigs talk to this cop who worked to lock other cops up for so long) you are not off the hook. If this goes further, after Tommy's testimony about your role, you gonna be a defendant as well. Listen guys I'm sorry you could not make it as real cops, and that your back gets sore from physical labor, but why you gotta take it out on the Free Speech Warrior? No worries guys, I can take it. I'm just anxious to get you into court for cross-examination. Should be fun. Hey Keith Nano; "Stand Up When I Talk To You!", Oh, that's right, you are standing! Hey Keith, DisneyWorld called and said they are sorry you can't go on the rides. When are you scheduled to fight Vern Troyer for the MMA Midget Title? Should be a good match up, but I think he has you on reach! See you all in Court!

- CAPTAIN ORDERS CONVICT TO "PAINT THAT ROOM" / CONVICT TAKES LIBERTIES

One of our sticky-fingered captains here hired a tree jumper to paint the offices of women employees. Well as you would imagine that did not work out too well here last week at NorfolkWorld. The Tree Jumper attempted to assault the young female staffer, all set up by the captain. I in no way support the cons actions - they are dispicable - but why would you put a sick man around women? It's like putting an addict in charge of drugstore. Just anothe example of WallyWorld policy madaness. The captain runs the ship on the rocks daily; no accountability or consequences? MADNESS!!!

More To Come...
