Ky,

I am glad you're taking an active role in reading my work. I value all that I have written with a protective sense. However, I am never ashamed of anyone reading my work. I am glad that you have utilized what i have given you to get to know me better. I doubt I will ever settle. I have my heart made up for what I want and haven't changed. In life you meet people and you just know the person is the one who you're supposed to be with. I feel like that about one only and never before have I felt like that. I am trying to grab life by the horns and do what makes me happy. At times i don't find this to be easy. But still I try. I hope that when i get home to the place I belong, because they say home is where the heart is, so hopefully my house will still be by the seas when i get home. Thanks for your encourAGING words i hope to hear from you soon and on a more REGULAR basis. HALF.
