

RANT TO RAVE

December 2016
Blog entry.

It a catastrophe ESCAPADE; they prescribe ovens, vultures so exorbitantly in the Department of Correction as they keep you unsatisfied by TRANSFERRING you to one ~~of~~ institution to the next. For me it's always CBCC, MLL or WSP. with the layover at WCC.

AS the white speaking Society would say about something so distasteful. it's so damn vulgar...

I've come to the determination that the Washington State Department of Correction is no different than the 1860 (or whatever year) German Gestapo. Truly...

Every last one of the correctional officials are NAT CRISTIC Misguided Brainwash starched minded Neerodwell. The females intended to be worse. Their souls, most likely was crucified more times than you or I can count. which makes them the foremost individuals you must (not should) be on the look out for. Because of their vulture aesthetic concept and approach to life and society. what if it was actually true. (And I know I push this ideology.) That most of the sports stars, coaches, a list ~~celebrities~~ celebrities

celebrity, (if that's how you spell that) or whatever (super model) are correctional officials. That super hot ass Gigi, Bella,

Selma, Selma, Beyoncé (is no everybodys, into her, but I'm really not. ~~is~~ is she a hot ass and mega performer? yes!

And what the hell is her message in her hold up video. do she not give way to heritage, must they all be stored away

in a Archive. I think her video and its message is a little out of touch with reality. I might want to pump my

old school ride out with the latest technology. It might be more economically sound to conduct this same process

with home ~~remaster~~ Remodding. Remodding.) Good God! what if... what if, Altera Keys is one of them

what about the -- well every person have their exception. I said to myself that I'll still suck the shit out of Gigi

and her sister Bella. (said to hear, she's in a on again off again relationships with the ~~the~~ weekend. That wouldn't happen

with me though...) it's funny how we say that. It's probably because she or her sister wouldn't give my ass the slight

look... it's okay though. I can why? Because I'm a mother fuckin prisoner. I can still have that healthy

imaginary relationship with them in my head as I hit big O Lick to them, off of one of their swim suit pic.

Just maybe I can get that Victorias secrets address again, and write them this summer. I got to watch out because

in my world, jacking off is illegal as fuck. The CO who's in charge of Dick ~~watching~~ watch will be

walking the tier to dial down the pleasurable feeling of your orgasm. why? Because it's as I say... The

Gestapo! They believe you can't eat, sleep, shit, or jack off

(1)

WANT TO HAVE

unless you beg them for the permission to. Then they still believe you should not do it. They believe you should wait until a certain time to when you are so sexually charged, that, when they have the time to do whatever they do on a meta-physical level or supernatural level to cause you to have a wet dream, or you know... ~~but~~ just like their females out there are not into police or correctional officials, there are guys as well not into them. But most troubling is why should I have to wait or ask their permission to hit & lick to Gigi, Bella, Alicia, or any other Nutha fucking female. I'm not into being a sicko. So I pray that God will allow me to keep standing strong and fight off the evil demonic being that might propell me down such path.

oh! YEAH... because they wish to use that sensual sensation for themselves... I tell you the truth. I'll hit so many lick to Alicia Keys she'll miraculously get pregnant. I'll deny it of course... I'm already in the poorhouse. I can't afford any more child support debts... you no she's African American. Just like any other sister... she'll hit my ass up... on some self hating Black / Negro man shit of course...

oh we o' well we just put up with it. I don't know why? But we do...

what am I saying... shit it's a lot of these female correctional officers that are not ass fuck. But should that compel me to give away on whatever morals I have. And every last one of these female is going to run you through some bull-shit. They have some far-fetch ideology that you should be mortgage for them into which you loose only a piece of your soul. But what they don't anticipate you to figure out. That, that shit add up. A piece here a piece there, so you have none left to give. Now, you're walking around like the night of the living dead, drinking or sipping off of human blood like it's the thing to do or eating human flesh, talking about you're a Christian or Jew... becoming a super duper homo-sexual serial rapist talking about you're Muslim now.

I wish to be emancipated from all this bull shit, I don't no about you. What's my penance. Besides letting some sick twisted Christian group fuck me in my ass or letting some sick twisted Jewish group fuck me in my ass, rape and kill and eat my kids, rob me blind and kill me in the end. O' yeah I forgot about what the muslim want to do to me. It's all of the above and more.

RANT TO RAVE

SO excellent of a facade. The obsession by the US Governmental officials ~~and~~ in the state of Washington is so condescending. But what's the comparative..? I want not to be a parishioners no longer ~~and~~ this (us of good ole A) church where the congregation are the opponent of healthy and heavenly life.

Their awesome paradise is so well spelled to prohibited the true seeker of life from seeing the summation of the horror that is their obsession which is legendary.

The holy ornaments of their mass murder is the pottery field full of unmark grave of the dead & the stories of the lives they so unjustly took. Their wanna fucking symbolic acts of mockery. The cash they hold in their bank account ~~off of~~ which they made off of you when you paid them for symptom basis medical treatment for the virus they knowingly infected you with. The lawyer you paid to get you out of some shit because the court want stop giving you the good ole American shaft. Etc, etc.

who are the fucking candidates that we must choice from to erect this so utopian healthy heavenly life. Be careful because the omen at be are listening and watching...

What's the difference between MIC, WSP, CBCC, WCCO

well in truth none... But they all have they brain-washing message ~~that~~ focus on trying to convey.

The message they want me to understand is they will kill me in the end as they do countless of negro people yearly.

WSP IML have no mirror in their cell. But they poison the water to subject you to force interrogation tactics. Each and every correctional institution have this sick racist culture

that is largely comprised of correctional officials. you have to be every aware of the CO that are escorting you. For example if you are African American the white, Mexican, or those female who identify as white, Mexican or

Native American, well add the male CO in raping you by using their para psychological abilities on you. While the male CO shoot ~~is~~ ^{some} numbing agent in you so you can't feel what has just happen to you while they rape their ~~intend~~ ^{intended} victim disorientated unaware victim. Then their goal is to have you ~~can~~ make a public confession about such act.

The message at WSP is reporting other offenders ~~relentless~~ Relentlessly if you don't report them for any and every thing

then you'll find yourself in IML. They run these test. ~~you~~ They try to set you up. Know... They set you up by placing

you in IML. Then when you identify the asses and report them and them blowing the ~~set~~ ^{set} plot they then

turn around and try to embarrass you by calling you a rat or snitch. And they do this tactic in so many

ways. They drain on doing it. Monroe Correctional Center IML is different in some of their tactic.

They try to deceive you with the preception of

RANT TO RAVE

Humanity. It's a mirror IN their cell. But that don't mean shit. They use ~~me~~ AS A WEAPON TO ENFORCE THE CONCEPT OF THEIR NEGATIVE ACTION. They wish to engage in their NAZI tactics To The Extreme. They don't give a fuck if you die or IS KILL BY THEM. If you survive their Acts of Public Humiliation and give into being brainwashed then you get to fuck them. If you flip the script, I guess you get to have your life and get to fuck them.

I said it before and I'll say it again... I'll rather jack off... but every body has their limits. It just want be on me... It's probably why they fuck me. It's that, they frame me to be some kind of sex offender. Knowing that I can't get an attorney and well my relative don't really give a fuck about me... Mostly because after heavy consideration, they are behind the shit at the root core of the problem.

But it's my belief that I'm not alone in this ~~under~~ plight to break free of a system of horror. There are numerous of individuals that are going through so much of the same or similar Bullshit I'm going through. But as I've said before, they must find their own voice because I can only advocate for myself. Peoples, offender was being left and right at MCC. If they didn't kill themselves, because of the shit the correctional officials subject them to. They were sophisticatedly killed by the correctional officials. Well it's the same. They have a mirror in the cell.

But it's scratch-out so you can't see your reflection. They torture you with being in a very freezing cold cell. The female CO just push this Bullshit AS ideology which really make me resentful of them. They are so manipulative. I really know the type of character or attitude I look forward to, out of a female. By just being in here and subjected to the female personality that are correctional officials.

I know longer wonder if I'll find a female who is not a correctional official, I know understand that it's no doubt that I will have a few or so of them, while being down. I only pray that it does not occur. That they just go away. But their stalkers, and said to say... I kind of like that shit in a female... How many times am I going to have to stop this psychopathic ass chuck from trying to kill me, set me up, or fuck my life off.

HANT TO RAVE

How many guys... EYES will I HAVE TO OPEN TO THIS CONCEPT who don't want to fuck them theirself, so these CRAZY ASS Female don't set me up TO get killed by them, RAPE BY them, or some other HORRORIBLE SHIT.

CBCO IS NO BETTER. When I WAS THEIR THE LAST TIME. They killed this white Boy... for trying to escape with HIS partner AND started THE process of turning THE entire PRISON population AGAINST me. The Bloods want me TO be A Blood. The Disciples, A G. The crips A FAKE ASS CRIP. The muslim A muslim THAT IN TO BOYS. The christian THAT want BE TO BETRAY MYSELF AND RACE. The catholic A Homosexual RAPIST. The G which IS Jews A ALL OF THE FUCKING ABOVE.

But NONE want me TO be THE self respecting negro MAN I AM.

I add. you can't be self respecting fucking ON BOYS IN THE CONCEPT FOR WHICH IS.

And by THE way I JUST SAW A dude turn INTO A BITCH. Literally...

SO what happen IF I'M IN THE CELL AND HE NO LONGER want TO TURN AND TO A SHE.

but want TO fuck... Should I give INTO THIS immoral being whenever AND fuck... what should happen TO my values... over time.

And once they HAVE BEEN killed AND put IN THE ground, cover UP. How DO I EXCAVATE THEM...

IF they CAN BE REVIVED.

I escape one plot ON my Life AGAIN. At MCC AND on my way BACK TO WSP. where they TORTURE me AND promise TO kill me...

I pray THE BUS CRASH SO I CAN run free down THE ROAD IN SHACKLE AND BELLY CHAINS. I ~~was~~ wonder... well you turn me IN OR HELP me AS BEST YOU CAN TO get AWAY FROM A government THAT out TO kill me.
