

## Leadership - the focal point

What is our problem with leadership? (Poor Leadership)  
Poor Leadership leads to many things; oppressing innocent people in all kinds of formalities to bring destruction to them. For many years we have been lead to believe these forms, rules or customs was the correct way of leadership. Basically for many years you have been seeing what happens without good leadership. The characteristics of this has been the following. There has been a lot of honoring the wrong people which has backfired, wicked ~~rulers~~<sup>rulers</sup> are becoming dangerous, people in despair, the wicked ruler has wicked officials. How do we get out of our rut United States, United Nations and Continents? Many of you do not know the qualities of a good leader. That why these wicked people keep being voted into our government offices. What are the ~~characteristics~~<sup>characteristic</sup> of a good leader. 1. Diligence 2. Has trustworthy messengers 3. Doesn't penalize people for integrity 4. Listens before answering 5. Able to discern - discernment what is that you say? The act or process of exhibiting keen insight and good judgment. 6. Listens to both sides of the story 7. stands up under adversity. What is adversity? A state of hardship or affliction; misfortune or

a calamitous event. 8. Stand up under  
praise. When we vote people in these offices,  
you are literally putting your life in their  
hands. We get caught up in what they can do  
for us. But the truth of matter what can you  
do for yourself. We can't solely depend on  
Donald Trump to do everything for us. I will  
talk about that in the next writing. When you  
are are a needy person. Don't take offense  
when I say this. Some people get over into  
desperation and self pity for old me at  
least he say the things I need to hear.  
Maybe he will do it. Yes your needs  
are important. But your motives are wrong  
when you will do anything to get relief  
from your situation. It's all about you.  
We don't think about if I vote for this person  
how will it affect everybody not just  
myself. A lot of people does things out of  
self centeredness. So throughout all this  
you are blindsided to what is really  
going on with the persons or person you  
vote for. Because you caught up in the  
hype ~~and~~ the flattery speeches and promises.  
Let's use Donald Trump's propaganda speech  
I am going to make America great again.  
Everybody jumped on the bandwagon. That's  
was a flattery statement to get you to jump

on his bandwagon. The bait he throw out was a gimmick - just say to yourself damn he surely got me. Mr. Trump can never make America great because of the foundation which America was already built upon. ~~which had not to do with~~ which had nothing to do with Mr. Trump. This is factual study your history. We often depend on leadership for everything such as all our answers to our problems. The question remains what can we do for ourselves. What we fail to realize everybody has a boss that they have to answer to even if you have your own business. In that case you have to answer to the government state and local. Don't pay your tax see what happen - tax invasion prison you will go. Mr. Trump can act as if he can save certain people etc. But when he gets in office he will have to run things by his bosses. Guess what the ~~reputation~~ House of Congress may say no we want implement that. Then the people of United States, United Nations and Continent is going to go on the blaming seen again. We want a new ~~pres~~ president. We thought we had something different. Many people don't know what leadership is. Everybody has someone to answer to. That another area United States, United Nations and Continent is blindsided in. We got to stop looking at

title such as President Donald Trump, ok. He still got to answer to somebody, we are still talking about leadership. But let's just switch gears for a minute. ~~Some~~ Some of you who went to vote for Donald Trump has to some type of affiliation with religion. I ~~want~~ want to talk to you about neediness.

From Beyond

addiction,  
Deception and  
Denial

→ A true need must be met by God or a God-appointed person. If you struggle with being needy you do not have a needy spirit. If you are a believer, your born again spirit is just fine, thank you very much! It is connected to the Spirit of its Creator, to the living word himself, and to the Comforter. It is your soul that has Unmet needs. A true need is a lack of something good that is essential to your well being - a condition marked by the lack of something necessary. You cannot lose a need because it is the absence of something. If your refrigerator had an absence of food in it, the only thing that would rectify that situation would be to put some food into it. You could not fill it by loosing its emptiness. True needs are different from your soul's wants. Wants can be temporarily satisfied with things with other people, and with passing pleasures. Too often, the soul's wants are thought to be

Unmet needs to be very unhappy with God. Sometimes God does give us our wants, but many times, He doesn't when they have nothing to do with our purposes in life. When someone has deep unmet needs, this lack may consume their thoughts. Once the soul begins to worry over what is lacking instead of what it has, it begins to obsess on those thoughts. Becoming obsessed with your needs can cause you to think about them over and over until you become addicted to these thoughts patterns. You cannot bind yourself to being fulfilled and having your needs met, but you can loose addictive thoughts patterns that focus only upon your lack, your emptiness and your unmet need. You can bind yourself to God's will and ask him to meet your needs. Then you can begin to practice believing that he is going to do just that. Assurance that he will come as you spend time in communion with him, reading the word and receiving his love. The words believe in mean to be in accordance with something. It also means an acceptance by the mind of something that is underpinned by an emotional or spiritual sense of certainty. So how do you practice believing that God is going to meet your needs? First ask God to show you what your

wants are and what the real needs are in your soul. Loosen your thoughts about your wants and then begin to make a list of what God has already done for you through Jesus Christ. Then make a list of the promises in the bible of what God says he ~~is~~ presently doing for you whether you can see proof of them or not. Know that you do not have to work at or accomplish something for God to meet your needs, nor do you have to sacrifice something. God is a giver and he wants to give you what you need. Romans 4:14-16 tells us this about God's gift to us. Of those who get what God gives them only get it by doing everything they are told to do and filling out all the right forms properly signed, that eliminates personal trust completely and turns the promise into an ironclad contract! That's not a Holy promise, that's a business deal. A contract drawn up by a hard-nosed lawyer and with plenty of fine print only makes sure that you will never be able to collect. But if there is no contract in the first place, simply a promise - and God's promises are that - you can't break it. This is why the fulfillment of God's promises depends entirely on trusting God and his way, and

and then simply embracing him and what he does. God's promise arrives as pure gift. Let get back to leadership. How do you know whether somebody is flattery you just to get you on their bandwagon or side. I don't want you continue to be blindsided in this career.

Flattery example: Absalom couldn't resist  
2Sm 17:11 so I advise you: let all Israel from Dan to Beer Sheva - very flattery <sup>statement</sup> as numerous as the sand on the seashore - be gathered to you with yourself leading them into battle. What happened here 2Sm 17:11 Hushai appealed to Absalom through flattery, and Absalom's vanity became his own trap. Hushai predicted great glory for Absalom if he personally led the entire army against David. Pride goes before destruction (Proverbs 16:18) is an appropriate comment on Absalom's ambitions. Flattery is a form of deception ps 12:16 sincerity and truth are extremely valuable because they are so rare. Many people are deceivers, liars, flattery; they think they will get what they want by deception. As a King David certainly faced his share of such people, who hoped to win his favors and gain advancement through flattery. When we feel as though ~~sincerity~~ sincerity and truth have nearly gone out of existence - We have ~~hope~~ our hope - the word of God

God's Word is as pure and flawless as refined silver. So listen carefully when he speaks to you through his word. The danger of flattery! ~~The 2:15~~ ~~It's~~ It's disgusting to hear a person butter up someone. Flattery is phony, and it is a false cover-up for a person's real intentions. Christians or people should not be flatters. Especially those in leadership of churches or anywhere else but especially those who proclaim God's ~~word~~ truth have a special responsibility to be honest. Are you honest and straightforward in your words and actions? Or do you tell people what they want to hear in order to get what you want or to get ahead? So let's get back to leadership. Because so many people haven't been educated in leadership what a leader do, what is leadership and who is leadership material. The people of United States, United Nations and continents has been blindsided because you don't know what you looking for. So when you get a good leadership like Barack Obama. You put him in category of being a poor leadership president. Which that is far from the case. If you want to understand leadership better. Not saying you want to be in a leadership position I recommend John C. Maxwell The 21 irrefutable laws of leadership. ~~Let's~~ Let's discuss Three levels of leadership intuition. For me I was a natural

born leader. As a little girl I was placed in many leadership positions. My mom, neighbors, pastors, grandparents etc. solely depended on me to make things happen in different situations. Even though I was a natural born leader, there was still something I had to learn to sharpen the skills or gifts already had. The author is describing me in these first points we are getting ready to go over. If you're saying to yourself, I'd like to be able to read these dynamics in my organization, but I just don't see things intuitively, don't despair. The good news is that you can improve your leadership intuition, even if you are not a natural born leader. As I've already mentioned, leadership intuition is informed intuition. The less natural leadership talent you have, the more you will need to make up for it by developing skills and gaining experience. They can help you to develop thinking patterns and thinking patterns can be learned. ~~It's~~ I've found that all people fit into three major intuition levels: Those who naturally understand leadership: some people are born with exceptional leadership gifts. They instinctively understand people and know how to move them from point A to point B. Even when they're kids they act as leaders. Watch them on the playground and you can see other kids following them. People with natural leadership intuition can build upon

it and become world-class leaders of the highest caliber. 2. Those who can be nurtured to understand leadership. Most people fall into this category. They have adequate people skills and if they are teachable they can develop intuition. Leadership can be learned. However, people who don't try to improve their leadership and never work to develop their intuition are condemned to being blindsided in their leadership for the rest of their lives. 3. Those who will never understand leadership. I believe nearly everyone is capable of developing leadership skills and intuition. But occasionally, I run across someone who doesn't seem to have a leadership bone in his body and who has no interest in developing the skills necessary to lead. This won't you because these people never pick up a leadership book learn. Because of their intuition, leaders evaluate ~~the~~ everything with a leadership bias. People born with natural leadership ability are especially strong in the area of leadership intuition. Others have to work hard to develop and hone it. But either way, intuition comes from two things: the combination of natural ability, which comes in a person's area of strength and learned skills. It is an informed intuition and it causes leadership issues to jump out to a leader in a way that they don't with others. I regard leadership intuition as the ability of a leader

inevitable. The law of timing - when to lead is as important as what to do and where to go. When the stakes are high, the consequences of the law of timing are dramatic and immediate. Reading a situation and knowing what to do are not enough to make you succeed in leadership. If you want your organization, department, or team to move forward, you must pay attention to timing. Only the right action at the right time will bring success. Anything else exacts a high price. Lead If ever there was an example of the importance of timing as it relates to leadership, it came in New Orleans in late August and early September of 2005. New Orleans is an unusual city. Like Venice, Italy, it is surrounded by water. To the north lies Lake Pontchartrain. To the south flows the mighty Mississippi River. To the east and west are low-lying swamplands. Canals crisscross the city. You cannot drive into or out of New Orleans without crossing a major bridge. That may not seem like a big deal - until you consider that ~~the~~ most of the city lies below sea level. New Orleans is shaped like a bowl. On average, the city is six feet below sea level. In the lowest areas, it's nine feet below sea level. And ~~the~~ the land in New Orleans sinks a little more every year. For decades citizens have worried about the potential damage that a direct hit

from a powerful hurricane could do to the city. On Wednesday, August 24, 2005, nobody in New Orleans could have known that the newly formed tropical storm, named Katrina, would be the big one - the hurricane the city had feared would someday come. It wasn't until Friday that the National Hurricane Center predicted that the storm would reach landfall on Monday somewhere near Buras, Louisiana, about sixty miles southeast of New Orleans. The hurricane was already looking like a bad one. The next morning Saturday August 27, the leaders of many of Louisiana's parishes around New Orleans ordered mandatory evacuations: St Charles, Plaquemine, parts of ~~Jefferson~~ Jefferson and even St. Tammany, which is situated on higher ground north of New Orleans. But what about New Orleans? Why didn't Mayor Ray Nagin, the leader of the city, order a mandatory evacuation at the same time? Many people say New Orleanians are fatalistic and they can't be made to move any faster than they want to go. Others say that Nagin, a businessman before he was ~~elected~~ elected, was worried about the legal and financial implications of an evacuation. I say he and others in government didn't understand the law of Timing. When to lead

is as important as what to do and where to go. The time to move people out of New Orleans was when the other parish leaders announced their mandatory evacuations. Nagin waited. On Saturday evening, he finally announced a voluntary evacuation of New Orleans. Only after Max Mayfield, the director of the National Hurricane Center, called Nagin on Saturday night did the mayor become concerned enough to act. Max scared the crap out of me," Nagin is ~~reported~~ reported to have said after the call. The next morning at nine o'clock, Nagin finally ordered a mandatory evacuation - fewer than twenty-four hours before the hurricane would make landfall. It was much too late for many citizens of New Orleans. And how did he plan to help those people who couldn't make it out of town on such short notice? He advised them to get to the Superdome, the city's shelter of last resort, however they could. But he made no real provisions for them. In a press conference Nagin advised, If you can't leave the city and you have to come to the Superdome, come with enough food, (non)perishable items to last for three to five days. Come with blankets, with pillows. No weapons, no alcohol, no drugs. You know, this is like the governor said, you're going on a camping trip. If you

If you don't know what that's like just bring enough stuff in you to be able to sleep and be comfortable. It's not going to be the best environment, but at least you will be safe. The results of Nagin's leadership played out in the national coverage of Katrina and its aftermath. Water was flowing into parts of the city by 9:00 am. Monday morning. Conditions for the people at the Superdome were ~~dead~~ dreadful. Other people who couldn't get out of town flocked to the Convention Center. Many citizens were ~~stranded~~ stranded on rooftops. How did Nagin respond? He complained to the media at press conferences. If someone was going to step in and lead, it would have to occur somewhere other than the local level. Most people ~~begin~~ began looking to the federal government for leadership, but they violated the law of timing too. Not until Wednesday, August 31, did Director of Homeland Security Michael Chertoff release a memo declaring Katrina an "Incident of National Significance" - a key designation needed to trigger swift federal coordination. President Bush didn't meet with his cabinet until the following day to determine how to launch the White House Task Force on Hurricane Katrina Response. Meanwhile, the people stranded in New Orleans waited for help. On Thursday, September 1, the Red Cross

The wrong time leads to Disaster - a leader who takes the wrong action at the wrong time is sure to suffer negative repercussions. That was certainly the case in New Orleans as Katrina approached. Nagin's poor leadership set in motion a series of wrong actions at the wrong time. He waited until it was too late to call for a mandatory evacuation. He sent faxes to local churches, hoping they would help with evacuating people, but by the time he did so, the people who would have received the faxes were already long gone. He picked a poor location for the shelter of last resort, neglected to supply it properly, and failed to provide adequate transportation for people to get there. One wrong action after another led to disaster. Obviously, the stakes for every leadership decision are not as high as they were for Mayor Nagin. But every leadership situation requires that leaders heed the law of timing. If you lead a department or a small team and you take the wrong action at the wrong time, your people will suffer. And so will your leadership.

2. The right action at the wrong time brings no success. When it comes to good leadership, having a vision for the direction of the organization or team and knowing how to get there aren't enough. If you take the right action but do it at the wrong time, you may

Still be unsuccessful because the people you lead can become resistant. Good leadership

timing requires many things: • Understanding - leaders must have a firm grasp on the situation

• Maturity - if leaders' motives aren't right, their timing will be off. • Confidence - people follow

leaders who know what must be done. • Decisiveness - wishy-washy leaders create wishy-washy followers.

• Experience - if leaders don't possess experience, then they need to gain wisdom from others who do possess it

• ~~Intuition~~ Intuition - timing often depends on intangibles such as ~~momentum~~ momentum and morale.

• Preparation - if the conditions aren't right, leaders must create those conditions. 3. The wrong action at the right time is a mistake. People who are ~~naturally~~ naturally entrepreneurial often possess a strong sense of timing. They intuitively know when it's time to make a move - to seize an opportunity. They sometimes makes mistakes in their actions at those key moments.

My brother Larry, who is an excellent businessman, has coached me in this area. Larry says that the greatest mistake made by entrepreneurs and other people in business is knowing when to cut their losses or when to increase their ~~investment~~ investment to maximize their gains. Their mistakes come from taking the wrong action at the right time. Once again, I have experience in this area. Because I'm known primarily as a

communicator, for years people tried to talk me into doing a radio program. For a long time I resisted the idea. In the mid-1990s, however, I could see there was a need for a growth-oriented program for people of faith. So we decided to create a program called Growing Today. The problem was the format. Most programs of that type ~~are~~ are supported by donations, but I believe in free-market economics. I wanted the program to support itself by selling products, the way any other commercial program would. What a mistake. The show never broke even. It was the right time, but the wrong idea. The Law of Timing had spoken again. 4. The right action at the right time results in success - when the right leader and the right timing coming together, incredible things happen. An organization ~~achieve~~ achieves its goals, reaps incredible rewards and gains momentum. Success almost becomes inevitable. If you look at the history of nearly any organization you will find a pivotal moment when the right leader took the right action at the right time and it transformed the organization. Winston Churchill, whose greatness in leadership depended on the law of timing, described the impact that leaders can make - and the satisfaction they can experience - when they take the right action at the right time. He said "There comes a special moment in everyone's life, a moment for which

that person was born. That special opportunity, when he seizes it, will fulfill his mission - a mission for which he is uniquely qualified. In that moment, he finds greatness. It is his finest hour." Every leader desires to experience that moment. 1. It has been said that managers do things right while leaders do the right things. The Law of Timing says that leaders do more than that: they do the right thing at the right time. In your approach to leadership, does timing play an important part in your strategy? Do you think about the appropriateness of the timing as much as you do the rightness of the action? Review the major actions you've ~~not~~ initiated in the recent past, and discern how much attention you've given to timing. 2. Spend some time analyzing recent failed ~~initiatives~~ initiatives for your organization, department, or team to determine whether they were caused by the wrong actions or the wrong time. (These initiatives can be yours or others'.) To help you, you answer the following questions:

What was the goal of the initiative?

Who was the individual responsible for leading it?

What factors were taken into account while the strategy was planned?

Whose experience did the strategy draw upon?

What was the condition or temperature of the organization at the time of the launch?

What were the market or industry conditions?  
What "leverage" was available and being used to aid in the initiative?

What factors were clearly working against it?  
Might the initiative have been more successful had it been launched either earlier or later?

Why did the initiative fail?

3. Do you prepare to engage in future plans, use the list of factors from the chapter to prepare for the timing of your actions:

Understanding: Do you have a firm grasp on the situation? Maturity: Are ~~you~~ your motives right?

Confidence: Do you believe in what you are doing?

Decisiveness: Can you initiate action with confidence and win people's trust? Experience: Have you

drawn upon wisdom from others to inform your strategy? Intuition: Have you taken into account intangibles such as momentum and morale?

Preparation: Have you done everything you must to set up your team for success? Remember, the only the right action at the right time will bring success to your team, department or organization.

Take action: Some of the most intriguing motives contain plots that are enhanced by using the law of timing. Murder mysteries, westerns, and action adventure movies all rely on certain characters learning about what another character has done at a certain time, having the primary

Characters at a certain place, at a certain time, and watching the hero take just the right steps at the right time in order to succeed. This week, watch one of your favorite action movies. Take notes on how the law of Timing played a role in success and failure. I encourage you to purchase this book on leadership. So you can understand leadership better. by John C. Maxwell  
The book Title The 21 irrefutable Laws of leadership

Written by  
Jennifer Johnson

Let's just talk viewers:

What do I think needs to happen for as Donald Trump being our president. For me the solid ground in leadership is very important to me. There are three main focus in this area integrity, authenticity and discipline. Donald Trump has none of these characteristic about him. One he ran a ~~fraud~~ fraudulent campaign during election. Lies, violence and confusion all the way through. The whole time he insisted that the election was rigged. He made sure to edify Putin the whole time, which leads me to believe that he knew this was going on - the Hacking from the Russian. Then when Mrs. Jill Stein and Democratic order for a recount of the electoral votes. Donald Trump hallow it's a scam. Could it be that he scam his way to White House. I feel this was all games and gun for Mr. Trump. Look at his cabinet disasters. He is deliberately putting the Republican integrity on in jeopardy. The question is they going to stand up for what is right or get on the want to be favored by Donald Trump because he is a wealth man. He can do favor for me. I truly believe that Donald Trump does dirt but he has people covering for him Money ~~talks~~ BS walk. One thing about a person who cover up what they are doing wrong. Eventually somebody is going to slip. I feel he has

blindside his supporters. Because truly he don't know what he is doing. All he doing is looking for ways to get richer. Why is it he is appointing all these billionaires in his cabinets. During the campaign he insisted that Hillary Clinton needs to go to jail, look like to me he needs to be investigated fully for those fake news stories, his connection to Russia because he is the one hiding something. He is the one who took people money, use it for his own purpose, he has over 4,000 lawsuit pending, he has dealt dirty with business partners, he has violated women, he has ostracized different types of people by picking on them saying all kinds of nasty thing about them, he had violence at his rally - he promoted violence, one of his people is in jail, he has no temperance - self control - he is constantly tweeting to appease people for the wrong reason, he is the one who has a conflict of interest on every end. I personally would have been impeached during period of I had the authority clearly there is no integrity, authenticity and discipline this is all fun and games to Donald Trump. In my opinion Trump has poor leadership abilities. It doesn't matter if he own tons of donkeys your character speaks for itself.

What is my intake on everything going on in the United Nations and continents. They need a government with the correct leadership. All they have is dictatorship is one of the reasons so much poverty, war, bombing etc. I feel if they had a government, ~~policy~~<sup>policy</sup> and laws in place like United States would be different ~~for~~<sup>for</sup> them. With dictatorship in place they make up their own rules which can be very detrimental to the people because they are not basically held accountable for their action to quickly like the president of ~~Vene~~ Venezuela who killed those citizen who was dealing in drugs. The leaders taking from the people of their lands and allowing violence. I understand they don't have a constitution - like American to abide by, like United States. But there has to be a <sup>(level for people)</sup> government that is firm that will hold people accountable for their action overseas. Right now you have people running wild overseas that thinks they can just bomb people, ~~de~~ running people off their land, taking from people - This oppression has to end overseas as well in the continents and United States. Nobody should be oppressed people should be able to live in peace, and treated equally and nobody should next take from anyone. We as a World we

got to make better decision and become more caring for others not just ourselves. This world has become so self centered in so many areas of each individual to make it up this world in the States and overseas Majority is out for themselves such as in religion, courts, culture, businesses, schools, government, Mayors, prisons, countries, jails, citizens, Republicans, etc. There is a saying each man is for himself. My question do you based your decision on the basis of what you want? Do you listen to whole story? Do you think about who will be affected by your decision? Do you think about the outcome of your decision?

Just  
Some  
examples  
to different  
Areas.

- Barriers to Unity - is everywhere. Not just in Church. In our government. Genesis 13: 7, 8 Surrounded by hostile neighbors, the herdsmen of Abraham and Lot should have pulled together. Instead, they let petty jealousy tear them apart. Similar situations exist today. Christians often bicker while Satan is at work all around them. Rivalries, arguments and disagreements among believers can be destructive in three ways. (1) They damage good will, trust and peace - the foundations of good human relations. 2. They hamper progress toward important goals 3. They make us self centered rather than love centered. Importance of Unity ~~Genesis~~ ps/33:1-3 David stated that unity is pleasant and precious. People disagree and cause

division over unimportant issues. Some delight in causing tension by discrediting others. It can renew and revitalize because ~~it~~ there is less tension to sap our energy. Living in unity does not mean that we will agree on everything. There will be many ~~open~~ ~~open~~ opinions just there are many notes in a musical chord. But we must agree on our purpose in life - to work together. Our outward expression of unity will reflect our inward unity of purpose. Is majority ~~always~~ always right? Following ~~the~~ majority is not always right. Against Pharaoh's orders, the midwives spared the Hebrew babies. Their faith in God gave them the courage to take a stand for what they knew was right. In this situation, disobeying the authority was proper. God does not expect us to obeying the authority when they ask us to disobey him or his word. The bible is filled with examples of those who were willing to sacrifice their very lives in order to obey God or save others. Esther and Mordecai (Esther 3:2; 4:13-16) and Shadrach, Meshach and Abednego (Daniel 3:16-18) are some of the people who took a bold stand for what was right. Whole nations can be caught up in immorality, racial hatred, slavery and prison cruelty, ~~thus~~ thus following the majority or the authority is not always right. Whenever we are ordered to disobey God's word, we must obey

Striking out in anger, consider what you could lose - a friend, a job, a spouse? ~~Jealousy~~  
Jealousy causes blinded anger Gen 27:41 when Isaac lost the valuable family blessing, his future suddenly changed. Reacting in anger, he decided to kill Jacob. When you lose something of great value, or if others conspire against you and succeed, anger is the first and most natural reaction. But you can control your feelings by (1) recognizing your reaction for what it is (2) pray for strength and (3) asking God for help to see the opportunities that even your bad situation may provide. Jealousy can lead to other sins Gen 37:19,20 Could jealousy ever make you feel like killing someone? Before saying, Of course not! Look at what happened in this story. Ten men willing to kill their younger brother over a robe and a few reported dreams. Their deep jealousy had grown into ugly rage, completely blinding them to what was right. Jealousy can be difficult to recognize because our reasons for it seem to make sense. But left unchecked jealousy grows quickly and leads to serious sins. The longer you cultivate jealous feelings, the harder it is to uproot them. The time to deal with jealousy is when you notice yourself keep score of others, recognition, awards and

achievements. Jealousy don't let it get a foothold in your life. GM 18:8 Saul's appreciation for David turned to jealousy as people begin to applaud David's exploits. In a jealous rage, Saul attempted to murder David by hurling his spear at him (18:11,12). Jealousy may not seem to be a major sin, but in reality, it is one step short of murder. Jealousy starts as you resent a rival; it leads to your wishing her or she were removed; then it manifests itself in your seeking ways to ~~do~~ harm that person in word or action. Beware of letting jealousy get a foothold in your life. When it is good (jealousy) Jealousy is a demand for someone else's exclusive affection or loyalty. Some jealousy is bad. It is destructive for a person to get upset when his or her spouse talks to someone of the opposite sex, but other jealousy is good. It is right for a man to demand the wife treat him, and only him, as her husband. ~~Jealousy is not good. Jealousy is not good. Jealousy is not good.~~ ~~Jealousy is not good. Jealousy is not good. Jealousy is not good.~~

You all be encouraged. Keep your head up know that you are ~~valuable~~ valuable, you have a purpose for being on this earth. Don't let nobody make you feel like you are not worthwhile because you are. You are not a mistake God has a plan for you and your life I love you all

Wake up church  
why are you asleep?

God says to tell you to wake up, wake up, wake up you  
been sleep long enough. It's time to take back your city,  
school <sup>and children</sup>. God says to tell you have the keys  
in your mouth and hands. God says it's time for the church  
to arise to the occasion and use what he's given them.

I have a question what are you building your foundation  
on? These are foundational scripture for what ~~can be~~ <sup>can be</sup>  
in cities, schools and with our children.

Matthew 16:19 And I will give you the keys of the kingdom  
of heaven and whatever you bind on earth will be bound in  
heaven and whatever you loose on earth will be loosed  
in heaven.

Coming together as believers praying for the walls of strongholds to  
come down in our cities, schools and with our children.

Matthew 18:19 again I say to you that if two of you agree  
on earth concerning anything that they ask, it will be done  
for them by my father in heaven. For where two or three are  
gathered together in my name, I am there in the midst of  
them.

Do the Christian have power over all ~~things~~ going the bad  
things going on? of course you do. Luke 10:18 and he said  
to them, I saw Satan fall like lightning from heaven  
Behold, I give you the authority to ~~trample~~ <sup>trample</sup> on serpents  
and scorpions and over all the powers of the enemy and  
nothing shall by any means hurt you.

We are not fighting people. The enemy is coming these people in our community to do evil things. Eph 6:12 for we do not wrestle against flesh and blood, but against the rulers of the darkness of this age, against spiritual ~~hosts~~ hosts of wickedness in the heavenly places.

Today, I am enclosing two prayers that can take these strongholds down in your community and school system.

For the prayer protection and Deliverance of a city put your city in the blank if you live in Atlanta. When you pray it I challenge all Christians to pray it you will see a difference in your city and (children school)

## Seeking Safety in a place of Violence

Father I am your child. I have been redeemed by the blood of the Lamb. My sins are forgiven. As the head of my household, I pray according to your word, asking for your protection for each of us. Give safety to my children and ease them day by day. ~~Our safety~~ Our life is exceedingly filled with the scolding and scolding of those who are at ease and with the contempt of the proud (the irresponsible tyrants who disregard your law). Lord, you see the violence that is in the streets and in our schools. The drug dealers and the gang members living in our neighborhoods are waiting to snare our children. ~~Lord~~ On the authority of your word, I ask that you destroy (their schemes) O Lord, confuse their tongues, for I have seen violence and strife in the inner city. Day and night they go about on its walls; iniquity and mischief are in its midst. Violence and ruin are within it; fraud and guile do not depart from its streets and market places. I am calling upon you, Lord and you will save me and my household as well. Father in the name of Jesus, you and you alone are our safety and our protection. My household and I are looking to you, for our strength comes from you - the God who made heaven and earth. You will not let us stumble. You are our Guardian God who will not fall asleep. You are right at our side to protect us. You guard us from every evil, you guard our very lives. You guard us when we leave and when we return. You guard us now, you guard us always. My household was chosen and foreknown by you father and consecrated (sanctified, made holy) by the Spirit to be obedient to Jesus Christ (the Messiah) and to be sprinkled with his blood. We receive grace (spiritual blessing) and peace in ever increasing abundance (that spiritual peace to be realized in and through Christ, freedom from fear, agitation, passions and moral conflicts). Lord, your son, Jesus, became our passover by shedding his own precious blood. He is the mediator (the go-between, Agent) of a new covenant and his sprinkled blood speaks of mercy. On the authority of your word, I proclaim that the blood of Jesus is our protection, as it is written when I see the blood, I will pass over you (Ex. 12:13) I declare and decree that I am drawing a bloodline around my children and the evil one cannot cross it. I know that none of the God-begotten make a practice of sin-fatalism. The God-begotten are also the God-protected. The evil one can't lay a hand on my household. I know that we are held firm by you, Lord. Father, thank you for your divine protection. In the name of

Jesus I pray, Amen!

## Protection and Deliverance of a City

Father in the name of Jesus we have received your power - ability efficiency and might - because the Holy Spirit has come upon us; and we are your witnesses in city and to the ends - the very ~~ends~~ bounds - of the earth. We fearlessly and confidently and boldly draw near to the throne of grace that we may receive mercy and find grace to help in good time for every need - appropriate help and well-timed help, coming just when we in the city ~~of~~ city need it.

Father, thank you for sending forth your commandments to the earth; your word runs very swiftly throughout city - your word continues to grow and spread. Father we seek - ~~inquire~~ inquire for, require and request - the peace and welfare of city in which you have caused us to live. We pray to you for the welfare of this city and do our part by getting involved in it. We will not let false prophets and diviners who are in our midst deceive us; we pay no attention and attach no significance to our dreams that we dream or to theirs. Destroy their schemes, O Lord, confuse their tongues for we have seen violence and strife in the city. Holy Spirit, we ask you to visit our city and open the eyes of the people, that they may turn from darkness to light and from the power of Satan to God, so that they may thus receive forgiveness and release from their sins and a place and portion among those who are consecrated and purified by faith in Jesus. Father, we pray for deliverance and salvation for those who are following the course and fashion of this world - who are under the sway of the tendency of this present age - following the prince of the power of the air. Father, forgive them, for they know not what they do. Father, you see the ~~big~~ regional and cultural strongholds that would hinder the gospel. you have told us to declare your works. So we say boldly that the prince of the power of the air, the god of this world who blinds the unbelievers minds that they should not discern the truth is a defeated foe. We declare on the authority of your word that you have disarmed the powers and authorities. you made a public spectacle of them, triumphing over them by the cross. Thank you, father for the spreading of the Gospel. Thank you, father, for the guardian angels assigned to this place who war for us in the heavens. In the name of Jesus we stand victorious over the principalities, powers, rulers of the darkness

of this world and spiritual wickedness in high ~~places~~ places over  
City. We ask the Holy Spirit to sweep through the gates  
of our city and convince the people and bring demonstration to  
them about sin and about righteousness - uprightness of heart  
and right standing with God - and about judgment. Father, you  
said, for I know the thoughts and plans that I have for you  
thoughts and plans for welfare and peace and not for evil,  
to give you hope in your final outcome Jer 29:11 By the blessing  
of the influence of the upright and ~~God's~~ God's favor because of  
them, the city of \_\_\_\_\_ is exalted. Amen.

## My Heart Bleeds

Because of so many senseless deaths or Tragedy (ies) keep happening over and over. Starting soon I will be covering a lot of things such as suicide, guns, political pointers, show you how to shatter strongholds in your. I have been doing a lot of reading, ~~or~~ listening and watching. Tonight I want to discuss the story Americas policeman slain, another wounded there has been 63 officers killed this year. ~~The~~ There is too much going on with officers and suspects. First we had officers' shooting unarmed Black men. Each case the officers' basically saying they was protecting themselves but when you see the video's like the cop that shot the individual in Carolina in the back as he was running. Clearly you lied. In thought you was going to get away. Then the jury dead lock; talking about they couldn't reach a verdict. That is bunch of bull crap. ~~After~~ After this we had suspects acting stupid. Committing crimes and drawing guns on the officers'. By guns etc. The officers had to exert their authority by killing those suspects. In life we have to take responsibility for our own actions. Nobody makes us do anything. ~~we are the ones who choose~~ We choose to make our own choices. For every wrong choice we make there is consequences behind them. It doesn't matter how grown you think you are. You might be grown, because most grown up says that. I can do what I want. Not thinking about their

are laws to abide by. The main message  
I send out today is that it doesn't matter  
who you are president, pastor, citizens, judge  
Councilor, mayor, store clerk. There are  
consequences behind the choices you make  
in life. Now we in the phase of officers  
being gun down. Total of 63 this year.  
The most ever since 2015. How did we get  
here people? I know your wonderful  
media. When you show cops shooting  
people on live tv. They didn't have no  
weapon. Right there the seed was planted  
in the people mind. You're not going to kill  
me. I am going to get you before ~~you~~ you  
get me. Media has planted fear in the  
people minds. This is not being done out  
of malice. It's being done out of fear. Everytime  
the police or sheriff's the Department report a  
crime. Like Minguel K. Lembrick - poverty came  
up. Before I touch bases on his situation. I want  
to say the media needs to tone things down.  
If a cop shot someone or someone shooting  
the cop or anybody. That part is not for  
public. Those type of ~~that~~ <sup>video videos</sup> need to be  
for the investigator purpose. People lying in their

blood etc. The media has gotten to graphic  
it promote violators. I am 42 years old. The  
media reported the situation and the news  
conference about the situation. That was  
it back in the day growing up. You all showing  
this stuff. You forget you have children watching  
the news. Then you all wonder why is this  
child pointing a toy gun at me. Could it  
be he seen the cops doing it on the news.  
In thought it was ok. We have to be mindful  
what we is putting on TV. Some of these  
suspects who are shooting the officers that has  
had they run in with the law. Been to  
jail or prison in Georgia. Like Mr. Minquell  
Kenney Lembrick. Georgia men ~~prison~~ prison  
is very dangerous. Ten inmates jumped  
on my husband at Baldwin State Prison.  
He had stitches in his head. They rape the  
inmates. All kinds of things happen in the men prison  
So out of fear not wanting to go back to  
that horrible place. Because he knew  
had warrants. Then top it off he done  
seen all this stuff on TV what the officers  
doing to the black men. He ~~fe~~ felt  
he had to ~~protect~~ <sup>protect</sup> himself. Was it right

Absolutely not. Cause he should have taken responsibility for his inaction. Then the people saying how did he even get back on the streets. The parole board. He was sentence for manslaughter. Minguell did 12 years. I know women who have done 19 years off manslaughter. Women are discriminated badly in Georgia under parole system. Men with violate charges, some ~~non~~<sup>NON</sup> violent charges get release quicker. I bet Mr Minguell stayed in trouble while he was ~~was~~ incarcerated. The parole board get your Disciplinary reports. That part of your parole review. They can tell whether inmate is ready. But the parole board feel like if you don't get disciplinary you are trying to pull a wool over their eyes. Which that is false. The parole board is very contradictable in their decision making. They keep the wrong people in prison. Let the ones go like Minguell that they know was coming back. I send my ~~condolence~~ condolence to all the family who lost a love one on duty and to the family who have lost their love ones to unnatural circumstances like with Minguell. Cause at end of the day everyone lost in these circumstances. We got to make better decision on both ends.

Written by Jennita Johnson

Broken and I am head for destruction  
Somebody help me.

Today we are going to talk about suicidal thoughts, Alcohol and drugs. I constantly been keeping up with the statistics about each area. Majority of Americans are dying from suicide, Alcohol drugs, or violence. Just the other day I called home. A family <sup>member</sup> told me about this girl I knew. She was ~~at~~ 30 years old. Found out she was HIV. Immediately she took her life by overdosing on pain medicine. My family told me they had a nickname for her the stripper. She did the damage to herself. Because of the wrong choices she decided to make. Then when the damage was done. Self pity kicked in poor old ~~man~~ me. I am going to die anyway. Nobody is not going to want me. I might as well end it myself. at least I want have to suffer. Life is about the choice we make. What could she have done differently in that situation. Protective sex. Was there any excuse no because the health Department will give ~~it~~ to you free. <sup>condoms</sup> I have gotten plenty of free ~~condoms~~ condoms. People we have to make better decisions in life. let's divert the conversation to what I really come to talk about. Addiction, Deception and Denial. Shared story from a book titled Beyond Shattered Strongholds by Liberty Savard (Sarah) In the original Shattering Your Strongholds I wrote of a young woman called Sarah who had anorexia, bulimia and

Compulsive behaviors. I want to give an update of Sarah's story as we have received so many questions since 1992 about her. I believe Sarah's Story is an important testimony for the power of using the Keys of binding and loosing in right agreement for someone with addictive behaviors and denial - trusting God with the outcome of those prayers. Sarah had been molested repeatedly as a child and had been raped at the age of twenty-one. She became anorexic in her early teens, which progressed into bulimical combined with obsessive-compulsive behavior disorder. Sarah had attended a Christian day school as a child, but as a teenager, she began to experiment with drugs, and alcohol, the occult, and wrong relationships. Because of unmet needs and strongholds in her own life, Sarah's mother fiercely protected and enabled Sarah's ongoing choices of wrong behaviors. Sarah, on the other hand, manipulated her mother through her intense needs. They had serious soul ties with each other because of their wrong agreements. The two of them were praying prayers of wrong agreements with no comprehension that they were in complete denial of the danger of her behaviors. Denial is a powerful form of stronghold thinking that can immobilize people, paralyzing their ability to help themselves or others. The denial I'm speaking of here is not just a simple act of

denying the committing of a wrong act or the ~~intensity~~ indulgence in wrong behaviors. Denial has the power to kill when it ignores the impending consequences of such wrong choices. Sarah's mother and I began praying prayers of right agreement early in 1990 using the understanding I had of Matthew 16:19 and 18:18 at the time. Daily we bound Sarah to the will of God, the mind of Christ, the works of the cross and the truth. We loosed from Sarah the works of the devil, wrong attitudes and patterns of thinking, wrong behavioral patterns and any stronghold thinking that was protecting them. We loosed deception, denial and her wrong desire to die. Within three weeks, Sarah ceased denying her anorexia and bulimia and her deep spiritual problems, confessing her need for help. I believed that Sarah had never really asked Jesus Christ to be her Lord and Master and I worked to get her to consider that she might not be born again. Another minister and I went through the salvation plan with Sarah having her pray after us. She declared Jesus Christ, the Son of the most high God, to be her Lord and Master. The issue was settled! After that time, Sarah seemed to have more peace and to be trying to overcome her dangerous eating habits. She seemed to want to get well. However her body had undergone such ongoing devastation for so many years from her ~~anorexia~~ anorexia and

She did finally give up. She just wanted to be with the Lord. She stopped eating again and within months, Sarah passed away of a heart attack shortly after *Shattering your Strongholds* was published. Some might wonder where was the victory in Sarah's life. I believe the victory was that she settled her salvation with Jesus, and we now know that's where she is - in heaven with him. God's healing power does not always produce the outcome that we hope for, but we can rest assured that he always works out the best possible results in his children's lives that they will allow him to work out. Sarah might have never made it home to Jesus without the right prayers of right agreement that we prayed for her and with her. Since writing of Sarah's story in *Shattering your Strongholds*, we have heard several testimonies of women who have overcome anorexia through the binding and loosing prayers coupled with other forms of right agreement. I was privileged to meet with one young woman at one of my meetings in another state who was well on her way to recover from this insidious disease. She said she believed that the prayers gave her keys that she needed to strip ~~away~~ away the deceptions and wrong patterns of thinking from her soul. In another state, a *Shattering your Strongholds* Study group prayed for and ministered

To another young woman with anorexia until she became healed. Here is a prayer for people struggling with these diseases. This prayer is written to be ~~prayed~~ prayed by the person with the struggle, but you can insert someone else's name in place of the personal pronoun for praying it for others:

I confess that I need your supernatural help, God. I need your strength and your grace to stop the cycle of craziness that I can't overcome on my own. I bind my body, soul and spirit to you. I bind my mind, will and emotions to you, ~~trusting~~ trusting you to heal me. I obligate myself totally to you because I know you love me and will not fail me. I ~~know~~ know I need to break my wrong patterns of thinking so that I can walk out all the good things you have in store for me. I now loose, smash, crush and destroy all wrong patterns of thinking lodged in my soul. I loose all addictive thinking, all thoughts of denial, all of the deception my soul has brought into and all self-destructive thought cycles that my soul keeps trying to run on me. I choose you, Jesus and I choose your resurrection life. I bind my mind to your mind, and I ask that you will help me to immediately pray whenever my old thought patterns begin to recycle themselves so that I can loose them. I choose

to be free. I choose to be well. Thank you, Jesus, for your help. Amen. Even thought Mrs. Liberty talking about Sarah testimony. However this is my story I had been molested by my step dad repeated by from the age of 9 to 13 years old during this time period I was also molested by two other family members, at the age of 22 years old I was raped, at the age of 13 years old I became bulimic. I began to experiment with drugs, alcohol, the occults and wrong relationships. I went to counseling frequently but it didn't help me. Many times I tried to commit suicide. My family prayed for me that how I was set free. My sister was addicted to crack went to rehab after rehab didn't do any good. We prayed for her that how she was set free. She been off drugs now for about 5 years. Addictive thinking leads to addictive behaviors. We had many testimonial about how these prayer principles have given hope to men and women in prisons, jails and recovery houses. We frequently receive letters from men and women in these settings who have heard the teachings of the keys of the Kingdom or have the books. They have all expressed belief and relief that they finally had something powerful to use when their minds went into an addictive thinking mode. When addictive thinking is not restrained in

thinking if it causes you to think you have them under control. As you then congratulate yourself on your victory, your soul is already at work with another repeated cycle of the same wrong thinking. The end result of the addictive thinking-addictive behaviors of drug abuse, alcohol abuse, food abuse, sexual sin etc. is not the problem that needs to be addressed. These behaviors are only the symptoms of the real problem. The problem is an unsurrendered soul that believes it must fix its own pain, meet its own needs, and answer its own unresolved issues in any way possible—even if it takes a destructive behavior to accomplish the goal. Authority figures and well-meaning family members struggle with trying to help solve the symptoms that a person is exhibiting rather than seeking God's help with the sources that are driving the addictive behaviors. When I have had parents come to me and ask if I will pray that Bobby won't want to do drugs anymore or that Susie won't want to keep getting into sexual relationships with men, I kindly say no, I won't pray that. Then I tell them that I will pray in agreement with them that the source of the reasons why Bobby is doing drugs and Susie is sleeping around will be revealed. We bind Bobby's and Susie's wills to God's will

ground cover in a freshly weeded flower bed. This prevents the weeds from returning as they surely would if the flower bed was left empty. What are some of the addictive patterns of wrong thinking that need to be loosed from unsundered ~~souls~~ souls? Here are some of the main ones

Angry thoughts  
Fearful thoughts  
Doubtful thoughts  
Worry

Needy thoughts  
Deceptive thoughts  
Negative thoughts

Chemical dependency thought patterns (including food)  
Sexually stimulating thoughts

Chemical dependency is not a spirit. Many in the Church today have given names to the various behaviors of those who rely upon chemical substances to alter their moods; spirit of alcohol, spirit of marijuana, spirit of cocaine, spirit of gluttony, and more. Chemical dependency cannot be cast out of a person like an evil spirit out of a non-believer, chemical dependency is a self-protective and self-comforting coping mechanism of the unsundered soul. You cannot have your soul cast out of you. An unfortunate aspect of chemical dependency is that addictive

own endorphin mechanism, releasing these feel-good hormones into his body. The unhappy child having a very low endorphin level does not engage in activities that release even what he does have. God has obviously placed these endorphins (the name means "morphine within") in our bodies. In the 1970's, a Jewish scientist discovered that our brains had opiate receptors in them. He concluded that God who would build opiate receptors in our brains would obviously also put opiates in our bodies for them to receive. This was one of the early beginnings of the studies of endorphins. Because we know what causes endorphin rushes in our bodies, we can engage in physical exercise, watch funny old movies, and participate in creative activities to give ~~ourselves~~ ourselves an endorphin boost. It is a wonderful thing that although our cell's toxic waste can tear down our immune system, endorphins strengthen it. Even though we may have brought varying degrees of destruction upon our bodies, God has designed them to be able to repair themselves. The one problem with this "morphine within" is the same problem with everything good that God created: the devil created counterfeits

of the same thing. The opiate receptors in our brains do not know whether an opiate (mood altering chemical substance) that it receives is natural or artificial they embrace them equally. When someone has the natural tendency or interest in acting in a manner that produces a rush of endorphins, in times of great pain and stress they are tempted to use counterfeit opiates - alcohol, drugs or food - to subdue and pacify their pain and anxiety.

Constantly thinking about the relief produced by these three chemical sources can become addictive - an addictive form of thinking that ultimately produces more addictive behaviors. The one chemical producing substance that I liked very much was food. I did not realize at the time that food turned into chemicals that affected my body chemistry; this is why eating seemed to make me feel better. Plus there was no worry of being stopped for driving under the influence of food after the potluck dinner was over. Too much stress - get the cookies and the ice cream. Nerves all rattled - cook up the mashed potatoes. Carbohydrates are always good for a calming effect; caffeine helps to rev up your body; and chocolate just plain makes you feel good. That about covers everything

Even after I became a Christian, I found that while there was no temptation of drugs, alcohol or sex in the church - it was filled with opportunities to eat. We married people with food at the reception and we buried people with food after the funeral. Refreshments were always a critical part of prayer meetings, and the potluck lunches and dinners were a delight! Unfortunately, the aftereffects of food as the chemical substance of choice was increasing weight gain. I remember that my father would send me to bed without supper when I was between seven and ten years old.

My mother would always sneak into the bedroom later and give me cookies, saying, "Here, this will make you feel better." I had no problem then or later believing that this was true. That was the beginning of my life-long ~~love~~ love of food, but the ongoing struggle I still have today is not my mother's fault. The fault is mine now, but it is one that I am slowly winning. We are responsible for choosing to either reject or embrace wrong patterns of thinking still in place in our lives long after we first learned them. Addictive thinking in your thirties, forties, and fifties is not your parents'

Do it really have to crumble?

My answer to this question is absolutely no.  
But law firm believes that where the cookie  
Crumble, that where it will remain or fall.

So I say the I hear different ones says that  
we need to wait in see what President Trump  
going to do. To me that is stupid because  
it's very clearly that he has already showed  
Americans how chaotic he was going to be.  
It's doesn't take a rocket scientist to figure  
out we ~~are~~ are dealing with a cracked and  
~~the~~ chaotic man. Everybody he is trying to  
to appoint in his cabinet has the <sup>same</sup> ~~same~~  
as he do on many thing, which is not healthy  
in his situation as leader because the way  
Donald Trump thinks is very detrimental  
to the people who <sup>he</sup> is bias and prejudice  
against which is about majority of Americans  
Mr. Donald Trump does what he wants. Heck  
he don't even listen to his own team. He likes  
people who dance to his tunes, which is  
not the right tunes. Let's turn our reflection  
to the ones who voted for Donald Trump.  
Listening people-in life; There is word called  
choices. sometimes we make wrong decision  
out desperation. People will do anything to  
get ~~relief~~ relief from the ~~situation~~ struggles

They are encountering. I feel alot of you voted for Donald Trump out of selfishness. He sold you alot of propoganda. you have jumped on a shipless bandwagon that is not going to help you. If you would notice he is so busy trying to undo everything Obama has done.

Change everything that been in place for decades that has worked for American - Social ~~sec~~ security, Medicaid Change unnecessary regulation, repeal all this and that. So he Donald Trump can say I did a better job than this black man Obama. That is a competitive spirit. This is how you operate in a business not the ~~white~~ white House. But Oh this is who you all voted for. Since he has been elected president. Donald Trump has not even taken the presidential yet. He has over 4,000 lawsuit pending, having to settle out money - Where he admit using the student money for his personal use and violated the laws for running the foundation. ~~How~~ who to say he want take from our government in use it for his personal use? 80% of the government is Republican. Is that people really voted for them. Nobody has it that smoothly Unless there was under handed stuff that made this happen. What I am noticing is alot of racism going. Majority of white Republican men

32 state has republican in office. <sup>usually</sup> ~~using~~ when a president meets with foreign leaders. Usually American people knows what was discussed. Donald Trump has not done that why because it was said there was business favor exchange between him and some leaders. That leads me to believe this. Why is that some of the people that was against him, Hillary Clinton and Obama. All of certain they joining his cabinet. Average human don't invite their enemy to the table without a plan in my mind. I see the chess game being playing. ~~See~~ at some point he thinks he will be saying Check mate (I will). which I hope it turns into I lost. The ones of us that have our minds in the right place has to continue to call this stuff out that Donald Trump and Republican trying to do. We have to expose them until something changes. Because the impeachment of Donald Trump, the people who is covering up for him because ~~it~~ of his status quo and what he has. They are just guilty as he is. Donald Trump has committed crimes that the average citizens is setting in prison for right now. Sexual assault (groping and taking kisses from women). The news anchor without a job but Donald Trump gets to be the president of United States He takes from all these ~~other~~ people in poverty at his University (embezzling money) But he gets to

be the president of United States, when there are citizens who has went to prison for this. Some of the same people who voted for Donald Trump on the ~~same~~ some of the same ones who set on the jury pool <sup>for</sup> of the citizens who has committed some of the same crimes. Donald Trump has commit and committing in the dark. Citizen Duried Mandoff under the prison remember that for embezzling money. That why I said what I said during the campaign. Everything Donald Trump said about Hilary Clinton. He was talking about himself. He was under conviction because these are the things he had been currently doing. Still is. I want to show you something Romans 2:1 you, therefore, have no excuse, you who pass judgment on someone else, for at whatever point you judge the other, you are condemning yourself, because you who pass judgment do the same thing. often the sins we notice most clearly in others, we may find that we are committing the same sins in more socially acceptable forms. For example, a person who gossips maybe very critical of others who gossips about him or her. Remember he got upset with the things the Hamilton production hear about the things they said about him. Someone else said about him. He demanded

apology. But don't he think everybody he ridiculed during election and got his Republicans and KKK, White Supremist and his voters ridiculing the same people ~~ridiculed the same people~~ Don't he thinks they need apology, all the people <sup>he</sup> has hurt. Still currently trying to bring oppression in their life by snatching the programs in the government that are working for them. I can remember during the campaign. When the voters begin to talk about Donald Trump Groping and Taking Kisses from these women he violated. Mike Pence and Angelica Ministry wanted to go church on us. God forgives. But when it was Hilary Clinton figuratively ~~from~~ ~~stone~~ ~~her~~ and drag her down to her lowest. I am here to correct that God do forgive sin ~~but he~~ ~~is~~ 1 John 1:9 If we confess our sins, he is faithful and just and will forgive us our sins and purify us from all unrighteousness. Forgiveness may not stop sin's consequences 1 Peter 4:17,18, Hebrews 12:7 So the Angelican Ministry who is encouraging and promoting a person to do wrong. Oh God will forgive the speaking out ~~about~~ against it. You will be held accountable on judgment Day. Because you are compromising you saying it's ok for Mr. Donald Trump to do what he wants to. I heard all during the Campaign. The Republican stated they was going to block Hilary from appointing Supreme Court Judges. Now that Donald Trump got it instead nobody saying that about him. As a matter of

I hear a lot of Republicans going along with his stupidity. What is it Republicans?

The money because a lot of you are trying to break your neck to get on the boat of Donald Trump. I been reading in the paper and hearing on the ~~news~~ news of all these stupid ~~laws~~ bills and laws your trying to pass. Some of you have said I know Donald Trump will go along with this. I need confident articles. Let's go over some of these stupid things. Federal Judge in Texas blocked the overtime pay of employee to keep Obama decision from going through. The same judge is probably a Donald Trump supporter. He don't care what is in the best interest of the people. But ~~he~~ If he was struggling financially, he would want what's due to him. So he said he needed time to think about his ruling. Because the truth of the matter is. He stalling until Donald Trump gets in the chair. Because he don't think it's necessary to allow them to get paid overtime. But here is where the Obama ~~or~~ Administration can apply pressure on him. He has a certain amount of days to answer with merit. He got to give you a ~~reason~~ reason by law. These judges ~~also~~ plays the same ~~trick~~ trick on the judicial criminal systems with defendants.

The Obama Care if it's working why dismantle it. Leaders don't fix what is not broken. They fix what is broken. If it wasn't broken - why is it still more than 1 million people selected insurance plans through Obama Care in the first two week of sign ups the past month the U.S said in a report Wednesday. More than 246,000 of these were new consumers.

And because many plans feature high deductibles, a Common Wealth fund study this year found that about four in 10 adults in ACA plans aren't confident they could afford care if they got sick. That's only a few people that are not satisfied. I heard testimony from different sick patients, that Obama Care save their lives.

What kind of normal human being would want these people to suffer. Only abnormal, heartless person would cause oppression on these people.

So if Americans foundation is in God we must One of God's commandment love your neighbor as yourself. Foreigners how we are to treat them  
Lev 19:33-34 When an ~~ali~~ aliens lives with you in your land, do not mistreat him. The alien living with you must be treated as one of your ~~pegh~~ native-born. Love him as you love yourself for you were aliens in Egypt, I am the Lord your God. How do you feel when you encounter foreigners (aliens) especially those who don't speak

your language? are you impatient. Do you think or act as if they should go back where they come from? Tho what Republican, Donald Trump and his voters are doing right now. Are you tempted to take advantage of them? yes, a Republican try to get a law pass where they taxed the money they send home to their family. (you all are wrong) God says to treat foreigners as you'd treat fellow country men to love them as you love yourself. In reality we are all foreigners in this world because it is only our temporary home. New strangers, newcomers and foreigners as opportunities to demonstrate God's love. If another foundation is freedom for all, in America why is it certain people only allowed the freedom you want to choose for certain groups of people Mr. Donald Trump and Republican. Mr Trump wife is a foreigner. How do we know that she is legal? Look like if you are married to a foreigner. you would have more compassion for these people. There are circumstances that happens in life that is beyond your controlled. you have to find answers to your ~~pro~~ own problems. Donald Trump and Republican and his voters what would you do with no food, threatening natural disaster all the time hurricanes, Earthquake, war, etc. you natural human side

is wrong America, Nations and continents. We got to change this wrong beliefs, wrong ideas, wrong attitudes, wrong patterns of ~~the~~ thinking, wrong mindsets and strong hold thinking. We got to break this people (racism) I have a white, black, mexican, Thailand, and many other races that are my friends. This world was created to be a world of diversity. Every race is valuable to our <sup>united</sup> Nations and Continents and United States. I want you read this ~~Judge 11:1-3~~ Judge 11:1-3 Jephthah, An illegitimate son of Gilead, was chased out of the country by his half brothers. He suffered as a result of another's decision and not for any wrong he had ~~do~~ done, yet in spite of his brother's rejection God used him. If you are suffering from unfair rejection, ~~God~~ don't blame others and become discouraged. Remember how God used Jephthah despite his unjust circumstances and realize that he is able to use you even if you feel rejected by some. Circumstances beyond his control forced Jephthah away from his people and into life as an outcast. Today both believers and nonbelievers may drive away those who do not fit the norms dictated by <sup>our</sup> society, neighborhoods or churches. Often, as in Jephthah's case, great potential is wasted because of prejudice - a refusal to look beyond ill conceived stereotypes. Look around you to

to see if there are potential Jephthahs being kept out due to factors beyond their control. As a Christian you know that everyone can have a place in God's family. Can you do anything to help these people gain acceptance for their character and abilities?

ASK yourself Do it really have to crumble?

## Sexism

Sexism has been in the atmosphere for decades operating through ~~the~~ some men. I narrow it down to some because if I say all that would be far-fetched. Let's talk about the history of sexism. What I have experience, ~~with~~ <sup>with</sup> this ideology is coming from. I was born in 1974. Every since I been in the world. I've always heard the man is the head of household, women don't wear pants, men work. Women stay home raising the children, women don't cut their hair, women can't work in this position or that position it's for a man. A woman suppose submit and do what her husband or man tell her to. I was told women was ~~be~~ considered the weak vessel and man has more authority. So I would hear these things in churches that my step dad, and ~~an~~ uncle was pastoring at. I always heard no women suppose to hold Pastoral and leadership position. Some churches we visit had all male leadership. I would even hear men and women would say and think the same way that didn't attend church. ~~So these things~~ So these beliefs had been passed from generation to generation. So men grew up into adulthood thinking they are more superior than women. That they

have to be ~~was~~ in control. Plus they was created to be in control beside the woman (the weaker one). I got into relationship with men who had the same mindset that I was raised up in. I've been physically and emotionally abused by these same men. Why cause I thought God created me to be into submission to my man. obey what he said do why cause my mom was controlled by my stepdad who was a pastor. He physically and emotionally abused all the children and my ma's. This made me question who I am suppose to be as a woman and what can I do as woman. Because men has always made it seemed like they are more superior. I ~~begin~~ begin to search for answers, why this sexism has been operating for so long. from generation to generation. Ladies men are helpless without us first of all. They make stuff. I am the man. I run the. Genesis 2:24 The man and woman are joined together by taking responsibility for each other's welfare and by loving the mate above all others. 1 Corinthians 11:3 Submission is a key element in the smooth functioning of any business, government or family. God ordained submission in certain relationship to prevent chaos. It is essential to understand that submission is not surrender, withdrawal

of apathy & does not mean inferiority, because God created all people in his image and because all have equal value. Submission is mutual commitment and cooperation. Submission between equals is submission by choice, not by force. We serve God in these relationships by willingly submitting to others in our church, to our spouse and to our government leaders. God created lines of authority in order for his created world to function smoothly. Thus God calls for submission among equals. He did not make the man superior. He made a way for the man and woman to work together. ~~there must be lines of authority~~ God created men and women with unique and complimentary characteristics. One sex is not better than the other. This false belief has been installed in some of our children in the generation. You have young men out there struggling to make ends meet for his family alone because he's been told a woman stay home take care of the children. So the young man stressed out because he is not making enough money to pay all the bills, buy droppers etc. He feels he got to sell drugs on the side. One work two jobs. Now he can't spend much time with his family. God created a woman as a helpmate. Meaning you get a job. you help your man. All these

wrong belief, ideas, mindsets wrong patterns of thinking is affecting this generation in bad way. Then you have women that want to go up for position. They afraid because they feel that mostly men only do that they ain't going to hire you. Then you have the men feels that this is a man's world because they been told this all they life. Some even been taught this in churches. I am here to tell every generation that's been taught these false ideas. We gonna ~~correct~~ correct this foolishness today. Women will stand for what is rightfully theirs. All this sexism on jobs, in family, ~~and~~ judicial system, communities and government will not be tolerated no more. All these women who pave the way for women to have freedom. I just want to bring to remembrance of some of our ~~women~~ women icons.

- Jacqueline Cochran - 1910-80 Amer. aviator who held numerous national and international speed records
- ~~Coretta~~ Coretta Scott King 1927 Amer. civil rights leader noted for her work for the Southern Christian Leadership Conference and the Martin Luther King Jr. Memorial Foundation
- Harriet Tubman 1895-1913 Amer. abolitionist who help organized the underground railroad

- Rosalynn Smith Carter 1928 First Lady of the U.S 1977-81 who worked on better care for elderly and emotionally disadvantaged
- Susan Brownell Anthony - 1820-1906 Amer. Feminist leader co-founded the national woman suffrage association - 1869)
- Clara Barton - 1821-1912 Amer. Administrative who did battle field relief work during the Civil War and organized the American Red Cross
- Mary McLeod 1895-1955 Amer. educator who sought improved racial relations and educational opportunities for Black Americans
- Hilary Rodham Clinton 1947 First Lady of the U.S (since 1993) attorney and noted Spoke ~~woman~~ person for children's rights

Ladies it's time to turn this around. We are just as important as men are. Women can even do better in our government office because there are some things men cannot help with in our government. Because it's for the women understanding. Men it's time to change your wrong thinking patterns about women in work with them not against them. That goes the same for women. It's something you might not understand but the men do so work together. Nobody is ~~any~~ anymore

Superior than the other. Work together  
in your marriage, relationship, ~~in~~ in the  
job fields and government. We all can  
learn something from each other. Put the  
pride down.

STOPPED THE SEXISM
