- C.R.A.P. PROGRAM VIOLATED BY THE D.P.H. / SMOG CONCERNS

The all-eggs-in-one-basket addiction program here at the facility, The Corruptional Relapse Academy Program (CRAP), was just cited by the Massachusetts Department of Public Health for a violation of the "Smog Emissions Statute". You see a DPH plane was flying over NorfolkWorld when it spotted a large plume of smoke rising from the 7 Block here at WallyWorld. At first they thought it may be the powerplant, but soon learned that it was the over abundance of K-2 smokers in Unit 7-2 who were all "blazin' up" as part of their CRAP Recovery Plan. The CRAP program will have to pay a \$69.69 fine which will be raised by a "Staff Pole Dancing Competition". The still wet-behind-the-ears young chicks who run the program, and are charged with "treating" the most complicated dual-diagnosis/poly-substance addicted demographic in the world, will return to their old occupation and "shake their money makers" for throngs of turnkeys in the Visiting room. The screws will "make it rain" with state blood money while Tiffany, Brittany, and Felicia pulsate to the sounds of "Pour Some Sugar On Me" by Def Leopard and "American Women" by The Guess Who. Some of the gals, otherwise known as the "treatment Trollops", will also be acting as Femme Fatale Detectives in an attempt to solve the recent rash of locker break-ins which have been occurring in the units. Sounds like real fertile recovery/rehabilitation ground to me. Sniff a little watered suboxone, smoke a little synthetic marijuana, and then commit some robberies in the block. Corrections at its finest...

- MEDICAL STAFF DEVELOPES NEW MEANS OF "TORTURE" / BORED OF OLD ONES

The Kavorkianesque Medical Staff here at the facility recently held a symposium on ideas for new torture techniques for the H.S.U. (Health Sacrifice Unit), A.D.L. (All Day Lunacy) Unit, O.P.D. (Outpatient Deception) Services. Old men will now be forced to walk on the "unshoveled" side of the Quad during the Winter months and only in thier state issued "weather appropriate" Bo-Bo sneakers. G.I.D. Patients will have to wear sports bras which are three cup sizes too small while taking their estrogen in suppository form. Diabetics will be spoon fed raw sugar from culinary while rubbing their bellies and the top of their heads at the same time. Also, they will continue "Non-Compliance Conferences" for all prisoners who refuse to be subjected to such madness; EXCEPT for the Free Speech Warrior who took care of that torture! See the following grievance form. Say a prayer that your loved one does not get sick in prison!

- GREEN CHICKENHEAD OFFERS TO FRY TURKEYS / STUFFING ON THE SIDE

As part of his retirement "Goodbye Tour" our Food Services Director, The Green ChickenHead, has offered to fry our Christmas Turkeys for us lowly convicts here at the gulag. The Head was quoted, "I've been 'stuffin' it to em' for so many years that I thought I'll fry their asses this time." The Central Office told The Head, "Button up your shirt. Your heart is falling out." I guess it will be another "Roast"!

Commit No. W66927 Housing 8-1 Date Of Incident 20161129 Date Of Grievance 20161129
Informal filed No
Complaint THIS IS A STAFF MISCONDUCT GRIEVANCE for HARRASSMENT:
I have been scheduled for what the medical department calls "non-compliance" conferences on five (5) separate occasions. At each so called "conference" I informed medical staff that I was refusing any treatment/medication, which is my right, but none-theless they continue to schedule me for these conferences. This is a form of harrassment/staff misconduct and is not a medical issue, thus making it reviewable under the grievance process. Five (5) times I was scheduled in the IMS for the harrassing conferences, five (5) times I informed staff I was refusing any treatment, but they continue to schedule me.
Remedy Requested Have medical staff instructed to cease harrassing me with these IMS scheduled non-compliance conferences.
