- ASS-BACKWARDS IS THE NORFOLK WORLD WAY / IT'S ALL BY "DESIGN"

I'm sad to report that the once "model" of progressive rehabilitation, The Norfolk Rehabilitation Model, has now become the quintessential example of how "corrections" has fully become "corruptions". In "Corrections 101" all are taught that as men near the end of their prison sentences they should be confined in less and less secure environments to assist in decompression and prepare for assimilation. ALL "prison" staff know this. Here at NorfolkWorld when you near your release date they house you in THE MOST SECURE AND RESTRICTIVE UNIT ON THE COMPOUND!!! You can't make this shit up! That's right if you have five (5) years or less on your prison term at WallyWorld they send you to the "3 Block" which is a Maximum Security design unit with more lock-in time than any other unit in the facility. This is BY DESIGN as it ensures that men will be ill-prepared to return to society, will ultimately reoffend, and will prove to be job security for future spawn of the evil gulag guards and suits. It is all by design; a plan for true failure. It is "Corruptions 101" and you can believe that what I am telling you is the truth; the sad truth of prison madness. drugs are rampant and guards are going to prison for "lugging" them in, but it is our families and friends that they take it out on. They produce a %50 recidivism rate, but are rewarded with yearly incremental pay raises; failure or no failure. They take three (3) day holidays for even the most insignificant of holidays and then admit in writing (see the following letter) that it was all "by design". You have got to be shittin me??? No accountability. No consequences. Just party after party with the taxpayer footing the bill and suffering the consequences. Those consequences include the summers of murder in the Mattapan Corridor. When will enough be enough? When will they stop allowing the Fox to conduct the investigation into the killing in the chicken coop? Please get involved. Please help us expose these ass-backward corruptions officials.

- THE GREEN CHICKENHEAD FILES LAWSUIT AGAINST CAMPBELL'S SOUP

Our Legal Department, Dewey, Cheatum & Howe, have learned that our illustrious Food Services Director, The Green Chickenhead, has filed a lawsuit in the United States District Court for Copy-Right infrindgement against Campbell's Soup USA. It appears that Campbell's may have stolen the Billy B. recipe for Chicken Stew that he has coveted for so many years. We contacted Campbell's and they stated that: "It is clear that the only place that has ever served Chicken

"If you don't take risks, you'll have a wasted soul."

Stew is the Massachusetts Department of Corruption, but that does not mean that it is the Green Chickenhead's Special "little drop of hatred" blend." Another Campbell's executive was quoted, "When The Head allowed a real Chicken Head to fall into the Chicken Stew that was sent to the WallyWorld cellblocks no one sued his sorry ass. He fucked up and all was forgiven. The same rule should apply to us." Chef Boyardi chimed in, "I never heard of Chicken Stew, but I'm fairly certain there is no patent on it." Marie Callender also commented, "Billy B.'s Chicken Stew is infamous in all the gulags, and I think it should be his special legacy." The final word was had by Papa Gino who said, "I sell pizza. Does that mean no one else can sell pizza? What would happen to Papa John and Mr. Domino?" It may appear that The Head's lawsuit may have no merit, but one thing is for sure; You don't have to be a Chef to run a prison kitchen. In fact, you could be a wanna be Hair Dresser with a passion of Liza Minelli songs.

- GLOUCESTER "STRAIGHT TALK" NOT POPULAR AT MCI NORFOLK / TOUGH SHIT!

I guess the crack investigating staff at WallyWorld has expressed to some badge-wearing inmates that they are not fond of the tough talk that comes out of the Free Speech Warrior's blog. Well we here at Free Speech Central say, "Tough Shit". Our Gloucester Waterfront tell-it-like-it-is style will never change. This gulag has gotten away with destroying the public safety for far too long. The old sex-for-information ring run by Tommy Ficco and Charlie Fillis was ignored by the guards here. Sick. Dozens of staff members knew Druggie Hartung was luggin' in drugs and cellphones, but all looked the other way. CO Zwicker brought in watches, shirts, and creatine for over a year while the men paraded around the camp with Ralph Lauren shirts, Seiko two-tone watches and large bicipes; no one the wiser. Come on guys... One convict even wore his Polo shirt to a meeting with the old Superintendent, Gary Rodent: The Rat. drug blogs full of drug smoke. PREA violations sanctioned in the 3 Block. The Fleece stealing OT and The Head trying to poison cons. Those are the problems. not the Norfolk Chronicles, but then again, this is WallyWorld = assbackwards and counter-productive. Viva Free Speech!!!
