

I'm with U young fella. When ever U ready 4 the long talk - I'm here. U can always pen a letter...thru the mail!!! Man first N 4most take care of Ur business. I need 2 b last on Ur list. Nothin major but I know I'm gone b alright by the grace of God. Please don't take that as an unappreciation 4 what Ur striving to do 4 the kid. Just I know real life moves faster than this place. I know bills gotta be paid!!! U ain't wrong. I feel ya. 4 U 2 walk in wisdom. I'm working on doin the same. Even now, believing God 4 a miraculous - UNDESERVED - release I'm get'n my ducks in a row. Know money won't come easy so the plan is 2 use my release account 2 pay my auntie as many months of rent as possible out the gate. Long U got a roof over ya head, everything else will fall in place. Even been lookin into those tiny houses Know they buildin some in Racine 4 homeless vets. Maybe I can get in on 1, just put it in that same community. Once U get it built bills only like \$100 a month. I'm dig'n that.

Merry Christmas N Happy New year. I'm cool, like I said just focusing on get'n out of here. God said He 'could' have me home b4 my id tag expires (12-17-17). Amen. So I'm lookin 3 b home by then. Lord knows. Keep praying I don't got the wrong interpretation of the dream. Feel me? God forbid I should lie on God. So workin on get'n my character together N being disciplined in spendin time with God, who is all that I have in heaven & earth Psalm 73:25. Then I'm called 2 prison ministry so that's a whole nother level of responsibility.

Only book that come 2 me is ROAD TO CHARACTER-David Brooks. Only mags I can think of is KICKS or RELEVANT.

Far as it relates 2 women I'm tryin 2 find a Godly woman who loves God I got my destiny to get. So NE ole woman just won't do. Still I'm willing 2 correspond with a woman long as she know what I'm about. The Christ in me is willing to be her friend N give her Godly counsel. I pray God will lead U in this regard if this is the way He chooses 2 introduce me 2 "Eve" If a woman does want 2 be my penpal please tell her 2 check out my blog 1st., that way she can get a feel 4 who I am N what I bring 2 NE friendship.

No need 2 put things on Ur MOTHER!! Let Ur "yes" be "yes" & Ur "No" be "no" that's wisdom from Jesus. Amen. I believe U. Plus it's not that serious. We have 2 take into account, God's will N the fact we have no idea what tomorrow holds. Feel me?

In regards 2 a laywer, only thing I know I got is the possibilty that they miscalculated my parole date. See 1 law says that I was 2 b paroled from 1 case too the other Meaning I was spose 2 do like 11yrs off of 45 then see parole. N the day I seen parole I would begin serving my 30yr sentence etc. It's hard 2 explain but I got it all written down along with a copy of the law, & the new law they been keepin me under

I don't know, but I trust God is up 2 something. A friend of mins said the EXACT same thing U did a couple weeks ago - " We gotta find a way 2 get U out" God up 2 something I just have 2 be patient N not lean on my own understanding. U know He my chief lawyer Smile.

Brah I sincerely hope & pray that with all U have goin on & all that U R doin 4 me N others ,that U make some time 4 God. Without Him none of this would be possible. I know He loves U & loves the sound of Ur voice N is waiting to hear from U. U can pray NE & everywhere. No location is off limits. Plus U can talk 2 God bout Nething. I be cryin out 2 Him bout my being at wits end wit prison N how certain people N this environment super stressing me out. Can't take all this yellin & screaming all day everyday. Then I got a co-worjker who crys bout NE & everything sadly enuff he done did like 3-4 bits. This is all he know :(I need 2 pray more for him. Last thing I want 2 keep dealin with is a 4oyr old man throwin tepmer tantrums at 5:50am. Yikes. My head hurt I just cry out GOD HELP!!!

I took up enuff of ya time. God bless Give debbie my regards on the strength
