

Love Letter 

My Dearest Heart:

1-4-17

It is raining outside right now, it has been raining for 3 days. It's a cold rain and I use the warmth from your body to warm my own as your warm heart warms my old heart as the smile from your love brings a smile to my face and I can only love you more with each passing day.

2017 it is a new year and my dreams are only of you. It is not 1963 anymore but that is the year my dreams begin and fall everywhere between then and now and on into the future.

I almost didn't get out of bed this morning. Holding you in my arms beneath the blanket with my eyes closed is so easy on these cold damn days.

I got your post yesterday - I think it was from around the 10th of Dec. My love, know I will never give up - I work on my goals every day. It is not just for me but everyone I love.

I will close for now but I am always here looking forward dreaming of tomorrow today, yesterday with you in my arms

Love, Forever & Always
Steve
