

PG 1 OF 2

(unseen power)

FEB 11th 2017

Sorry, its been so long since i've wrote, alot of family problems. But i'm back and ready (REAL TALK Always)...

Opener:

She walks with the sway of her hips, that shows the curves of her body which draws the attention of the on looking men. Is this the type of attention (women) should want from men (No). Because the only thing on his mind is (sex only) which means he's into your body not you. So at the end of the day, your gonna get your feeling and emotion hurt, for what reason (attention or lust).

Message:

The power women hold is right in front of their face. you control and possess the most Angelic gift. (REAL TALK Always) Without you men wouldn't know how to act or control themselves. let alone survive in this world. Without you nations can't grow. you were created to bring life into this world not ~~to~~ ^{to} be used or belittled.

Conclusion:

Start treating yourselves like queens and goddesses that you were meant to be. Dig deep inside of yourselves (ladies) and find all those good things you love about (you) and show them, cherish and cherish yourself. And as a men (REAL TALK Always) I'm telling you that real men love a woman who loves herself and understand how precious and unique you are to this world and earth. Build who you are from the inside, not from your gifts on the outside.

(Final Wisdom)

Your the only one who can control you (NO ONE ELSE).

PG 2 OF 2

So fight for you ~~yourself~~, before you fight for someone else. Because once you've come to love yourself, you'll never need another to love for you. It's then and only then you'll be able to open that door to your heart and accept love from another person (Real Talk Always)
