

Dear Rita,

Hi, how are you? I hope great. Thank you very much for the \$20. As soon as I got it, I bought \$20 of phone time and began calling my momma. I just sent her a get well card. She's mom, I would end my life for her today if it meant saving her life. As for George, it would be hard to leave the country when he is released. It can be done but alot of work would need to be done & he would need to go to a judge to have it approved. I hope by now that you have heard from him. If not, you could call the prison and speak to his counselor and tell the counselor that you are very worried about him and to please have him contact you. Thats probably the best you can do. In my state I must pay \$22.50 for a 15 minute call overseas. I called my friends in Italy once and I want to but it is just too costly so we write letters. If you haven't heard from him, call the prison. Pretend that you didn't hear from his dad & call & say how worried you are about him & for him to contact you. The money you sent is good for 20 phone calls to mom. We now pay about \$1.00 per 15 minute call. I cannot thank you enough Rita. I do have a job & I make 20\$ per month working. Not much but maybe one day it will get better. Did you see my puppy dog picture on facebook? Please put my name in and see my photo's with the lil pups. A puppy can melt your heart (: Oh, I did not received your comments until 2/15, not on 2/6 like they told you. It's great you had such a good time with your grandkids. My nephew Jordan just turned 14, my niece baby Lucy will be 5 & she says I am not a baby, I'm a big girl. So adorable. Well I am happy for you that you will be able to travel to Chicago & see George. In 2 months you will see him. I know he will love that. I want to hear all about your visit when you return. Yes, I am having problems with my daughter. She refuses to listen and she was being manipulated by her low life boyfriend who wanted to turn her into an internet porn girl in order to make money for him to survive. I do worry, every day but I have o contact with her now so I just don't know what to do. I want my little girl to have a good life, not like me, better, I want to help save her from a bad life. She is a good girl who deserves a good life. I will have to ask my mom how she got the monkey and how old she was. I remember the photo's and stories. The monkey wore diapers. It looked funny. I have a card going in the mail to my mom tonight, I will add that question to the card. She cannot write back but I will ask when I call her again. I try every day but most days she is asleep 18-20 hours per day. Her cancer Doctor doesn't care. He keeps pushing her appointments further & further back. He hasn't seen her in 3 months. No chemo, nothing. This is so wrong but no one seems to care but me. Well I am going to go & get ready for dinner. Take care of yourself Rita, Thank you again & have a great trip in April. I look forward to your next comments. God Bless, Ciao.
