

Donald Trump building a wall
in Mexico keep their people out
of our country (illegal immigrants)

The signing of these executive orders that Mr. Trump has signed since he been
office does not ~~surprise~~ surprise. Because of the campaign he ran. Expose his true
Character that he will make poor choices, ^{his} populist, and will not listen to
anyone. That he will do what he want no matter who he hurts. He will say
what he wants no matter who it hurts. This is a leader who does not
think about the repercussions of his choices. He is very ~~per~~ peripatetic.
Nobody cares ~~that~~ about how many people was at his inauguration
serely nobody cares about whether he could beat Hillary Clinton
in the popular vote. Apparently the people didn't either. That's why
she won. for us who are concerned about our country well ~~for~~ being,
~~and~~ our neighbors, visa and trade deals etc. We don't care about
the ~~pit~~ pettiness. Let's talk about this foolish wall being
built. Why is it foolish? Just about every country including
United States has drugs, violence, sex traffic, ~~and~~ gangs, and terrorist
that are not mexicans etc. There are some ~~not~~ radical Americans
that are radical in other religion that are actually killing people
Voodoo workers. Just because it's not obvious like some of the
Islamic people. Don't mean radicalization is only in ~~muslim~~
Islamic believers. I am not going let Donald Trump to continue
condemn people and ostracize them like they are nobody. Cause
at the end of the day everybody has flaws. We have to ~~sweep~~ sweep
around our own door before we can sweep around anyone else.
I personally don't like how he did the president of Mexico.
You going to invite him to meet with you. So the president of
Mexico thinking maybe we can work something out. But before the
President gets here, you slams a executive order about the
wall and try to sanction him 20% on the trade deals to pay
for a ~~while~~ ^{while} that United States President wants to build. That's
not how you do business, that was a nasty move. As if
United States trying to start confusion with ~~and~~ Mexico.
That's not how we do business in American. We sit down
and talk with people. President Donald Trump was wrong.
If I was the Mexico President I would have done the same

thing. I would have cancel my meeting with Donald Trump and I would
said the same thing I am not going to pay for nothing. Nobody demand
anything from nobody. Who opens a door for somebody. When you get
ready to walk through it. They push ~~back~~ you back. Then slam the door
in your face. That is so rude. Whoever is supporting this foolishness
~~of the~~ by Donald Trump is ~~idiot~~. Is crazy. I can't help
out to reflect back to Donald Trump wife she is foreigner. Nobody is putting
no pressure or ostracizing her to be in America. But how is that the American
people accept her and Donald Trump accept her. I am not saying anything
wrong with her being here. You'll accept her but you can't accept other
foreigner. All these ~~p~~ foreigners hasn't committed no crime and has
been a help to our communities. So what if they are not legal. They
are apart of us. Because we have imparted into ~~each other~~ ^{each other} lives.
I think Donald Trump needs to leave them alone. We don't break
up families because you don't want nobody to break up yours. You
they should pay state and federal taxes I agree. But the ones in the
jails and prison who has committed ~~crime~~ a crime. Yes they should
be deported back to their country but after 5 years (depending on ~~the~~ ^{severity of} their
crime ~~and~~) they should be given a fair opportunity for citizenship in
the United States. It would be like in America. When you serve your
time in prison. you get out on parole or probation after two to four
years. you haven't gotten into no trouble. you can apply for a Pardon
to restore your rights. I feel that if Donald Trump going to deport
immigration. He needs to empty the jails and prison. So the United States
Americans that are wanting to come to prison ~~is~~ ^{is} the process
will ~~sp~~ ^{be} ~~up~~ ^{filled} because of bed space. The same for jails. When
they are arrested and found guilty they should be automatically
shipped back to their country. I don't see a reason why the prison or
jail bed being occupied with foreigners when they already going to be
deported back. In when they get to their country. They not going to
have probation and Parole. Put ~~them~~ ^{them} in jail or prison is waste of money.
This is a big kink in our budget. Building a wall is a waste of money on
both sides Mexico and United States. Crossing the border is not the
only way you can get out of Mexico. There are many ways to get
transport, think about it. So stop illegal ~~and~~ immigrant ~~to~~ drugs,
Cartel, gangs, terrorism, ~~and~~ sex trafficking is like stop a fly or flying
cock ~~and~~ roach which takes alot to get. Because it's overseas and
America. ~~Building a wall is a waste of tax payers money on both sides.~~
Somebody needs to stop stop or squash that executive order building

A wall. I don't care who is offended that is Donald Trump supporter. Because that is wrong all day. Is the Mexican President if our President don't apologize for his ~~rudeness~~ rudeness. Some of us American don't go along with just anything our President does. We know how important it is for everyone to get along. We need each other. Mexico and United States has trade to offer each other. In this my thing as a American. So many times we as people love to point fingers at each other, or others ~~that~~ ^{because} ~~to~~ ^{the} way because of you. The Blaming game. When actually the problem lies with individuals' or individual who is involved in the drugs cartel, gangs, terrorist, sex trafficking it has nothing to do with the leader of that country or state unless they found involved. At the end of the day we can't catch everything that goes on, something will never be stop unless you pray, and as leader you don't react off of everything. When you do react it best to make sure it's the right decision being made. In a lot of times we think we are cutting situation off from the root but they only get worse. Such as send all the illegal immigrants back Mexico. People once a seed is planted it grows to more than one flower, ~~for~~ fruit or trees. Ok Donald Trump send all the ~~legal~~ illegal immigrants back. Then he have the American people doing the same things. What is he going to do then? I am just saying think about it people. This whole thing is crazy. I got to discuss this while I am on a discussing block. Donald Trump says if the shooting don't stop in Chicago He is going to send the feds in. What is the feds going to do. Once again waste of tax payers dollars. I set back in I watch this stories unfold. Unsolved murders etc. The first thing I said to myself their is corruption in the Law Enforcement in Chicago. It was too familiar for me. I kept quiet. Months later I am looking at the news. Show rough their has been found to be excessive force and corruption in Chicago law enforcement. When these case was not being solved. I knew it. It's really not the resource. It's the people in these departments. I have to say this when I get on Law Enforcement because they think ~~right now~~ their is a war on them. Their are some good law enforcement out their. I appreciate you. But however there are some crooked ones - we got to get them out of

these offices. If I was the president of United State. If I was ~~the~~ going to send the feds in it would be to investigate every inch of Chicago law enforcement. I would check files to see how many units and set up stings to see who is doing illegal activities because when you took oath, you promise to serve and protect. With that being said there their is excessive ~~use~~ use of force. There is also other criminal activity (ies) going on just haven't been expose. Men guns being discharge and killing those innocent. Where did they get them from? ~~How~~

What if the ~~police~~ law enforcement is involved in what's going on in the streets. Chicago law enforcement needs to be investigated to see who is the law enforcement and who is the criminals. It's too much corruption that is obvious - you have this many murders. nobody have not solved half of them. Something wrong with this. I see them talked on TV about no having enough resource etc. But I am not buying that. @ It as if they don't care for real. Personally I would do a stripping in the Chicago law enforcement. The ones don't need to be there I would get them out. Start with the commander in charge, now to the ones who still like me because some ~~problem~~ probably so pissed off at me because what I said about President Donald Trump. Really I don't care if you are mad. Because at end of the day somebody has to speak up and not be caught up in a ~~populist~~ populist president. Who cares about what others think about him. My whole thing, you don't mistreat others people based because of your personal opinion about their race, gender, culture, disabilities and oppressed the middle class or people in poverty. Everything Donald Trump is doing. That is what going to happen because he is a poor decision maker in some areas.

A prideful person you cannot tell them nothing at all. The bible says pride comes before destruction. To my people who still like me. In Mexico, United state people that are suffering in a war whether its drugs, sex traffic, violence, confusion, financial loss, corrupt leaders, ISIS, voodoo, witchcraft etc. You can change your atmosphere. I want to give you some encouragement. This is taken

I am coming from chapter three atmosphere & everything. Due to the locations
of our free chapel campuses, I've made many flights from Orange County, California
to Atlanta, Georgia, but one of those flights was unforgettable. That particular
flight offered passengers a movie called Snakes on a Plane. It's a movie about
a cage of deadly venomous snakes that escape and start attacking the
passengers. Of course there is nowhere to hide from the snakes when you
are flying at forty thousand feet. Needless to say it was pretty ironic to be
watching a movie like that while on a plane. But even more ironic was
the two rows behind me sat the star of the movie, Samuel L. Jackson. I
must admit, when we landed I took a picture of him and tweeted about
the irony of being on a plane with Samuel L. Jackson while watching Snakes
on a Plane. Thankfully that battle with snakes was just a movie, but we
all face very real battles with spiritual snakes everyday. Scriptures
teaches that there are spiritual battles taking place all around us because
we live in two atmosphere at the same time. One is a physical atmosphere
that we can see, smell, hear, touch, and taste. The other is a spiritual
atmosphere. We cannot see it with the natural eye or experience it with the
rest of our natural senses, but it is very real, and it is vital that we
understand more about it. Have you ever sensed a tightness in the atmosphere?
I once watched a television program about prison guards. Many have developed
strong instincts from years of experience in working with prisoners. They can
tell when a fight is about to break out because they can feel a change in
the atmosphere. They have a sense that something is not right. They say
there is a tenseness when a fight is about to break out in a federal
penitentiary. Have you ever walked into a room when two people
were having an argument? Maybe you didn't see it or hear it, but you
could feel tenseness in the atmosphere of that room because of the words
that had been spoken and the argument that had taken place moments
before you walked in. Maybe you've gone to a family function where some
of the family members have had issues with each other for years. There is
~~tense~~ tenseness in the atmosphere in a situation like that when
the offended parties walk into the room. No words have to be said
for you to feel the tension. All it takes is for someone to respond to
that atmosphere, and it could wreck the whole family reunion because
the atmosphere is so tense. The devil knows the power of atmosphere.
That's why most people are enticed into the wrong atmosphere first before
~~they sin~~ they are ever tempted to sin. The enemy knows that if he
can get you in a wild club or party scene, you are much more prone to
sin than you are in a library, what's the difference? Atmosphere, you
grow bananas in Jamaica but not in Alaska. Why? The atmosphere

is right for banana growing in Jamaica, but it's not right in Alaska. ~~There~~ There's something about the atmosphere of a club - the lights, the music, the dancing - it creates an environment that is right for sin. The atmosphere creates a climate and the climate creates a culture. If the enemy can get you in his culture, he knows he can get you to sin. The same is true with the Holy Spirit: atmosphere is everything. The atmosphere of holiness, purity, praise, worship, prayer, love, and unity attracts the Holy Spirit - just as an atmosphere of lust, drunkenness, anger, and hatred attracts demonic spirits. God responds to atmosphere as well. He is everywhere - but He does not manifest His presence equally everywhere. God manifests His presence when the atmosphere is right. He loves a celebration. He loves the atmosphere of praise and of true worship from His people (ps. 22:13). The word inhabits means He is ~~enthroned~~ enthroned or feels comfortable enough to sit down in the place where the atmosphere is filled with celebration, praise and worship. When you fill the atmosphere with complaining, faultfinding and murmuring, it's not inviting to the presence of God. It has quite the opposite effect. If you are filled with the Holy Spirit and He is dominating your life, then the fruit of the Spirit - love, joy, peace, longsuffering, kindness, goodness, faithfulness, gentleness, and self-control will become increasingly evident in your life (Gal 5:22-23). When the fruit of the Spirit is in your life, you naturally create an atmosphere for the presence of the Holy Spirit. And in this you too are being built together to become a dwelling in which God dwells by His Spirit (Eph 2:22). Do you respond to the presence of God, He releases greater measures of His presence. Have you ever been in a church where you can sense tightness in the atmosphere? We know that our God is our healer, so why ~~do~~ do some churches never see any physical healings take place? There are no healings because there is no atmosphere for miracles. There is a limited atmosphere of faith. The lack of faith in the atmosphere can limit what we see God do in our midst. When Jesus was ministering in His hometown of Nazareth, because of their unbelief He couldn't perform many miracles there except for healing a few sick people (Mark 6:5-6). Miracles happen when the atmosphere is right. When people begin to respond to the presence of God, He responds to the people in greater measure. That is why some people receive healing or supernatural deliverance from addictions during a powerful worship service or why sometimes, before the altar call is ever given, unsaved people will get out of their seats, weeping and walking to the front to repent and ask Jesus into their lives - because the atmosphere is so changed with the presence of God.

The atmosphere is so holy ~~with~~ that sinners can't stand it any longer, and they fall under such conviction that they are ~~comp~~ compelled to come forward. That is the kind of atmosphere I love to be in! What kind of atmosphere does your life have? Are you attracting the Holy Spirit or is the atmosphere just right for demonic invasion? Different types of Demons - Demonic spirits with different ranks and assignments exist in the spiritual realm. They also respond to atmospheres. All spirits seek expression of their will into time and space, but they can't accomplish this without somebody providing them the opportunity. If a demonic spirit is going to manifest, it will happen because somebody allowed it and created an atmosphere for it. You are at war, but you cannot fight in the spirit realm with your natural ability, education, money or natural resources. You have to fight spirit with spirit, for the weapons of our warfare are not carnal but mighty in God for pulling down strongholds (2 Cor 10:4) When the disciples asked Jesus why they were unable to cast the evil spirit out of the child, Jesus said, This kind does not go out except by prayer and fasting Matt 17:21 (This kind) would indicate that there ~~are~~ are spirits with different ranks. Without going into an expository work on demonology in general there are a few different types of evil spirits mentioned in the Bible. Allow me to give you a brief explanation of them.

~~It~~ Tormenting or vexing spirits (If you have thoughts of harming yourself or others, it's imperative that you seek professional help in addition to, following the advice provided in this book. A tormenting or vexing spirit is a lower-ranking demon that comes to oppose your mind and bring depression, fear, and excessive worry. Having a bad day is not necessarily an indication that you are being tormented by a demon. Real life can be get difficult. But when you feel oppressed all the time, that you are in a rut where your mind and emotions are in turmoil, you are down, depressed, discouraged and feeling hopeless that is a different story. The enemy whispers suggestions for you to just give up. Maybe thoughts creep in to your mind of harming yourself, or even suicide. That is a vexing spirit tormenting your mind, let there be no doubt - as a born-again believer you have been given authority over any demon that tries to torment your life. God gives us "the garment of praise for the spirit of heaviness or despair" (Isaiah 61:3) When a vexing spirit tries to torment you, your first response should be to take authority over it and rebuke it in the name of Jesus. Do not give into those negative, harmful demonic thoughts of despair. Resist them. If you humble yourself and resist the devil, he will flee. Your second response should be to lift up praise to God because it will change the atmosphere and cause a shift in the spiritual realm. As a Christian, the greatest thing you can do

to combat depression and oppression in your mind is to put on the garment of praise. Put on some worship music and transform your heart and mind into an attitude of gratitude. Think on good things. I tell people to speak (praise phrases) where you verbally praise the Lord. "You are good!" "You are working all things together for my good." That's how you defeat tormenting spirits of the mind. Remember, atmosphere is everything, so don't give in and begin to say words that make the devil think he's winning. Speak words of praise and that spirit of heaviness will lift. Deceiving Spirits - The second type of evil spirits has to do with wrong teaching, false teaching and wrong thought patterns. Paul told Timothy, "Now the Spirit expressly says that in latter times some will depart from the faith giving ~~to~~ lead to deceiving spirits and doctines of demons (Tim 4:1 emphasis added) This verse tells us there are demons that pervert teachings, twist the word of God and lead people away from the faith. Anytime you open yourself up to doctrines of demons and false teachings including horoscopes, fortune tellers, palm readers and psychics - you are opening the door to Satan's plan for your life. You are also getting yourself into spiritual territory that you cannot conquer on your own. Any believer can take authority over a vexing spirit, but only pastors, teachers, evangelists, prophets and apostles have authority to take the word of God and teach truth against doctrines of devils and false teachings. If you or someone you know has opened these doors to the enemy, I encourage you to seek the counsel of your pastor ~~or~~ or a mature believer in Christ. Territorial spirits - These are higher-level territorial principalities that try to control certain geographical areas. Certain cities are known for certain geographical areas. Certain cities are known for certain influences, such as Las Vegas with gambling, Los Angeles with entertainment, New York with finance, and Washington, DC with politics and power. These territorial spirits are demonic powers trying to control the culture over a city, region, state, or nation. It takes a community of believers praying and fasting and establishing strong churches in those cities, regions, states and nation that deal with the principalities in high places. Jesus said, "I will build my church and the gates of Hades (hell) shall not prevail against it (Matt 16:18) That is what Paul was talking about when he said his intent was that now, through the church, the manifold wisdom of God should be made known to the rulers and authorities in the heavenly realms (Eph 3:10)
