Nice of you to pick up the phone the other day — and now see some reason behind marketing Prison Art with Provenance. I can't deny who I AM bro — my past Actions are the investments to-ward my future, much the same as is everybody's! I'm just sayin... whereas everyone else who goes before the parole board demigods plea Victim of Circumstances — I can't disown my decisions to Agitate a nation of wage-slaves to take responsibility for a government run amok.

Twenty years later, a Presidential Candidate agitated a nation with the same message! Imagine that! Better him than me, huh? Just look at the load he's carrying now — whereas I... I AM free of such tremendous responsibility. I've proved that I'm not the smart-bomb candidate, so Society has no physical threat to be concerned about with a limp-dick 54 yr old-timer being evicted from his tomb. There is tho, much to be concerned about regarding the rhetoric "to awaken" a dormant force I AM able to "generate".

Could possibly be strategic genius, which is set to generate more awareness of status quo of Prison-ers / Justice System failure to rehabilitate... from our point of view in here! Unlike the many demagogos in cyber space who do nothing but blow a trumpet of alarm... I've taken responsibility to fan embers by making myself — and others, more able to see their POV has (or has not) — merit, with this SPO platform I've built. Scientology is a formidable force everywhere in the world challenging Psych "abuses of authority"... and Psychs have invaded Prisons, so I aim to introduce them to one another. My SPO creation validates my vested interest and permits me to mediate between these two titans. **RELENTLESSLY!** I might add.

These titans seem to think my ambitions are insignificant — as titans are prone to do. But this merely means that I need to develop more **LEVERAGE / INTEREST**. And I'm doing just that with a recent PR campaign, mailing out copies of our SPO group agenda/materials list and several letters of commendation, out to other International Org's in Germany, England, Canada, and from coast to coast in the U.S.! Responses from them will be added to those commendations in my future campaigns, until it will seem **TO BE** the new thing **TO DO!** You see?

Why, you ask? Well, not to discount Staying Sane in a psychotic environment ... it's simply something to do. Instigating a fight between titans is something, you must admit.

What might the parole board demigods think about my megalomania? Well, hopefully they'll think that I have too much time on my hands ~ which I will not have if they evict me and I have to apply all my attention on making a living out there.

A successful Prison Art Enterprise will serve to prove my entrepreneurial acumen, I think. And since I still owe three or four grand in court extortion fees, they'll keep their leash on me out there till it's paid ... so it's better not to pay it off yet by having Prison Art proceeds mailed in to me and robbed of 55%! Rather, I propose we funnel PAE proceeds into an account for future Care-Packages. Then, once the WG provenance builds a market with corresponding patrons, I'd like to introduce you to my progeny and have them take over what you've developed ~ as it should be, right?

My eldest son and his new wife came in to visit with me in 2015, and I flooded them with artwork to post for profits they'd share ... but their forcefield wouldn't let me in that close that quick, after 18 years of separation. They know though ... so once this Prison Art Enterprise is a success, I'd like you to explain the inner workings to them. If/when they cooperate, it will be further evidence of my 'stability' factor, securing my early release.

I don't know how the web works, but I do know there is interest there for Prison Art ~ especially from prisoners with some sort of distinguishing history/crime. My art is average ... but the provenance will attract patrons, so I suggest we market the seditious articles as well if you can. Ideally, I expect Artworks and Artists bio-provenance will gain attention and sales. Let me know how many pieces you can post at one time ~ and since you see what else is out there in cyber space, price the pieces accordingly ~ allotting yourself a fair share for managing all this, of course.

The sooner we meet the \$1,000 Maximum account ballance with the Walkenhorsts.com "Prepaid Customer Accounts", I will pitch this Enterprise to my progeny and see if any of them have the time to manage it all.

All the best bro ... if it's within our means, why not determine All The Best ~ in every way!

Be blessed.
