## Nate's News 26 Feb. 2017

Hello there neighbor!

Had to switch pens, that one was making me want to go on a ball-point killing spree!

Anywhere, those of you who want to write me a personal letter,

unrelated to a blog post, that's my address to do so, right here. I just lost my gay stalker, so, there's a spot open for that position (be aware that pictures of you in a bunny suit with the ass-flap open & foreign or familiar objects inserted in your anus will be denied, &/or used as evidence for me to get a restraining order on you).

So, now that that's taken care of, assuming Donald Trump hasn't brought on WWII yet, & this gets posted, here's what's going on with me.

### 1. Class-action Lawsuit over Solitary Confinement in WI

This is explained in the post directly preceding this one. My co-plaintiffs & I would appreciate it if you readers would share the post on your facebook pages, Lawyers for Good Government, Solitary Watch, [WisconsinWatch.org](http://WisconsinWatch.org), [jsmetro@jrn.com](mailto:jsmetro@jrn.com), [egrueskin@themarshallproject.org](mailto:egrueskin@themarshallproject.org), [info@adoptaninmate.org](mailto:info@adoptaninmate.org), [wsjcity@madison.com](mailto:wsjcity@madison.com) & any media & activists you can think of.

I've been exhausting the grievance process, preparing to file this suit since my return from federal custody in Aug. of 2015. Sadly none of the so-called litigators in this or the other WI seg. units have prepared for this, let alone took the time to write the suit. Yet when I told a WI prisoner advocate I wrote it & am ready to file (it's over 40 pgs. long!) she insisted that another guy in another joint be the main plaintiff, so he'll look like the guy who put it all together.

That ain't happening. Ya gotta do the work to get the credit & only I have done so. (It irritates me how guys who know how to litigate do nothing but play chess all day, then think they even have a say in what someone does who works 10 hours a day pursuing humane treatment of prisoners!)

## 2. Racketeering/Embezzlement Investigation of W.D.O.C.

This issue is huge, but so complex that it's easiest for me to just say go to <http://ffupstuff.files.wordpress.com/2017/01/n-lindell-financial-oppression.pdf> & same site, [.com/2017/01/jd-request-letter-final-for-blog.pdf](http://ffupstuff.files.wordpress.com/2017/01/jd-request-letter-final-for-blog.pdf) If you need a password to get on this site, get it from [pgswan3@aol.com](mailto:pgswan3@aol.com) ph. 608-536-3993 - the prisoner activist I mentioned.

The Progressive, a Madison newspaper ran an exposé on the subject, by Bill Lueders, published on the 16th or 23rd of February. It might also be on [WisconsinWatch.org](http://WisconsinWatch.org) by now, where you'll also find a series of articles also by Mr. Lueders about guards at the Waupun Correction Institution (W.C.I.) torturing prisoners - I'm cited as a source for many of the incidents, as is this Blog.

they only took 25% prior, for the last 30+ years  
Long story short, without relevant changes in the law/statutes, the WDOC began to take 50% of all our pay & incoming \$, to pay court-ordered obligations that in many cases we already paid decades ago, & they take 5% on top of that from everything they collect. They're making us pay for things they've no authority to collect (e.g. attorney fees) without valid information that we even owe it, no doubt to get their 5%. In some cases, they take all of a prisoners money, for these dubious & illegal debts.

It only takes three acts outside of their authority to constitute a "pattern of racketeering activity" under WI's RICO law. WDOC officials are engaging in thousands of such acts, every time we get money.

So far I've written a petition to begin an inquest into the matter, which dozens of prisoners have filed, along with multiple outside activists. Also wrote complaints & a motion to modify sentences so only 25% is taken. Next I'll write a guide on how to sue the WDOC civilly, possibly under the U.S. RICO Act; lotta research left to do.

This racketeering by the WDOC is going to end, but not before it costs taxpayers hundreds of thousands of dollars from just defending the coming flood of lawsuits & more to return the stolen money.

Hey, that's what the taxpayers get for letting the WDOC do whatever the fuck they want, which taxpayers already give the WDOC over a billion dollars a year (gov. Walker's recently proposed budget was 70-some billion) to fund. Mo-fa's apparently got money to burn, & I got a match.

### 3. Why I Seek Your Help

You probably think I'm loved by prisoners & prisoner activists too. It is true that some prisoners like me, some recognize & respect my efforts, some have helped me with some coffee or paper (they can't give me stamped envelopes as staff write our #s on the back in red ink). But most inmates are indifferent, some even insult me just because they're haters. Most of these prisoners around me are emotionally sick, morally insane, selfish & already insane or driven there by the solitary confinement.

One prisoner wrote & thanked me for my efforts, but didn't ask how he could help me.

C'est la vie pour moi.

So, I would appreciate any help you readers offer.

One of the simplest & always-needed ways you can help is by ordering me <sup>paper too</sup> postage-embossed envelopes from either WIinmatepackage.com or JLMarcusWisconsin.com - people overseas need to use the latter, as it'll accept PayPal. The next page <sup>item # 4304</sup> ↓ shows I'm <sup>#8039</sup> broke.

You can also help by liking & sharing a link to my blog on your <sup>here</sup> facebook page.

Share the nasty Trump/Pence cartoon posted <sup>here</sup> on 11 Feb. - I really want it tweeted to Trump; more than anything else, & retweeted around!

A final way I ask you to consider helping is by going to prisoninmates.com/NateLindell303724

view my poetry/song/art book Em Daer vol. 1, like it, share it, as it tells part of the story of my life and what it was like for me when I was here some years ago.

Other than that, feel free to write a personal letter - I do not like it when people do so on my blog, too superficial, impersonal, & I am neither of those things.

Regards,  
Nate
