Letter to Daniel Tutka - dated 26 Feb. 17

Daniel, as I ran out of space in my last letter, I'm writing again, before I hear from you, to be clearer in answering your questions, and explain my situation.

This: Nate A. Lindell
#303724 is where you can mail me letters & photos & printouts/copies of articles

WSPF, P.O. Box 9900
Boscobel, WI 53805-0901 1101 Morrison Drive ← This is where you send ^{property.} &

USA It's the state's most secure/strict prison, so, keep these rules in mind for sending me stuff, because I have no \$ to mail back large items (e.g. books, electronics).

* Rules for Sending Me stuff * on 8 1/2 x 11 paper

→ The only things you can mail me are letters, copies/printouts of articles (nothing torn or cut from a book/magazine/paper), photographs printed on photo paper & no photos of women's nipples or male/female genitals or anuses (just in case you wanted to! :)), nor can you mail me any property, no T.V., no candy, or anything except

Property must come from www.JLMarcusWisconsin.com, WI inmatepackage.com or wisconsinpackages.com — only accept payment with Pay Pal from overseas, so that's who you'll have to use. If the property you want to send is allowed & not sold by these places, it can be mailed from any business, but must have a receipt.

Some property I'm allowed, most sold by → is: a T.V. (I don't have one), a radio (don't have one), headphones (don't have) shower shoes (don't have), scented oils, postage-embossed envelopes (I always need postage/envelopes), paper, greeting cards, (folders, soft covered books (hardcovers banned), magazines (no staples)).

Some items I'd like to have &/or need, sold by, → are:

Item #	Description	Cost
N8355R	T.V.	\$179.98
8107	Size 14 Adidas Shower Shoes	\$17.68
4495	Koss CL-24 headphones, 8ft. cord	\$21.90
532-1A	Roget's Thesaurus	\$5.26
8039	5-Pack postage-embossed envelopes	\$3.15 x5

↑ I can receive 5 packs of these at a time

Various #s	Various Greeting Cards	\$.95
4624	Rug	\$13.13
4674	Multi Vitamins	\$18.64
8119	White lined paper	\$ 2.26
4304	Typing Paper	\$ 2.19
8112	Address Book	\$5.78
N40739	The Train Your Brain Challenge Puzzle Book	\$ 7.09
8217	9 1/2" x 12" Expandable Wallet	\$2.36

My favorite books + magazines are about science, art, literature, neurology, philosophy, A.I., illusions, cosmology, physics, robotics.

Because Amazon doesn't include receipts/invoices with books they send, and I need their receipt to be allowed the books, only order/send stuff from Amazon if you print + mail me your receipt.

These places are reliable + send receipts:

rainbowbookstore.coop; erhbc.com; + Barnes + Noble

These are some books + magazine subscriptions I'd like:

Prisoners' Self-Help Litigation Manual, 4th Edition, by Boston + Manville

- get it from custserv.us@oup.com

Georgetown Law Journal Annual Review of Criminal Procedure,

- get from www.law.georgetown.edu/academics/law-journals/subscribe/arcp/upload/2016-Order-Form-Inmate-ARCP-15.pdf

- you must print + send the receipt, as they don't

A Jailhouse Lawyer's Manual, 11th edition, - get from www3.

law.columbia.edu/hrlr/jlm

Inmate Shopper - most recent issue, www.inmateshopper.com

National Geographic, Scientific American, Nature, Discovery

You'll see from many of my blog posts that I do a lot of litigation, I'm good at it too. (It's ironic that we are in prison for breaking the law, yet those keeping us in prison break even worse laws! The best, most successful criminals run prisons!).

The above law books will help me fight these criminals + show that if their crimes are forgivable, why can't ours also be forgiven?

Generally I am good. Fighting bullies + evil people is good, I think. (Look my name up on wisconsinwatch.org) Thanks + Be well. More later.
