Why should I spend the rest of my life in prison for crimes I did not commit. No evidence of me committing them. And I was wrongfully convicted and sentenced or some other individuals in a similar situation. Why must we die in a prison because of a shitty parole system. When we can live out our life in the sanctuary cities until the states of united states decide to take the necessary step to reform the system. There maybe a need for incarceration, but mass incarceration... This put the immigration crisis to a stand still. Every citizen of America start being American first.

Hell yeah! I'm a African American political activist. A fuckin leftist. A got dam fist. B/*C* P*W*... I'm prejudice as Hell. But I'll never let my prejudice over rule my OR ANY RATIONAL BASIS. If it's more beneficial for me to fuck with this pink toe (who will benefit more so.) then me hooking up with a sister. Then it's only logical that it goes down. Is the sister can't grip a grip... She gotta slip, not me! I'm on point. We'll be waiting and ready to add these sisters into the mix no matter her ethnicity. Oriental, Asians, African, etc, etc. Because two heads is better than one. Three heads is better than 2. And so on and so on.

So when our current president DoT says he is going to end civil rights claims in America and he's the least racist guy... I wonder what he means. Would he have that stance if I was that jigga man holler at the world, working puddles of sweat out of his hot ass daughter (with them long legs) before I turn into the black mail man of the upper east side of New York and start knocking on her door (knowing she will answer and say yes.) to deliver multiple packages of mail to her through the bottom of her door at the mail slot.

You know! The L say... the mail man is always the one that ruins the marriage...

shit!

yes... I'm admitting it!!!

It's All Repetitious..

not the incidents. But the issues. which is; Brutality!

of the African American

citizen. Liberties, That are

protected by a constitution

and a government that works

better for a foreign national who's

not a citizen of this country than

it does for the actual ethnic citizen

of this country; the African American people.

It is the Totem pole that sits in the front of the white

American national yard. A hateful white American national

house that is painted white that symbolize the approval of such

conduct that can be only describe as animalistic, barbarous.

When you have an brainwash African American mother Florida

stand in front of a camera and basically acknowledge and

condone the feeling and action of a white racist man killing her

son, because her son (which is a typical 17 year-old African

American teenage boy) refuse to turn down his car stereo that's

blasting little wyan when the white man pull up. He heard the

aloud music demand the kid turn down the music because it was

disrespectful. He further felt disrespected for the African American

teenage boy ~~was~~ blasting his shit, ~~something is~~ and refuse to

turn it down.

~~something is wrong with us and a state that couldn't get a~~

conviction the first time at trial. Fuck their respect,

if it is so easily brought into question by a teenage

child of the African American race. They don't

they don't feel disrespected when a teenage Mexican illegal

or legal immigrant is blasting their Ma. Pi. a. chi and

walking around in som-bre-so's all hours of the day

and night.

But, it is the repetitiousness of reporting acts of horror

as these and the ones I experience daily, weekly, monthly,

yearly that formate the causal chain of acts which becomes

a pattern of behavior which can then be analyze and

classified ~~as horror the european Jews, experience and label~~

~~it as a Holocaust. As an analyze systematic~~

pattern of behavior. This social criminal science was

used to analyze and classify the horror the European

Jews experience and label it as "A Holocaust."

IF YOU
EAT.
YOU'LL BE
BEATEN.
YOU'LL BE
TORTURED!
YOU'LL BE
HUMILIATED!
AND YOU BE
HARASSED.
DEATH.
WOULD BE A
BLESSING

COMPLAINT: The Informal Resolution. ~~It~~ It's my understanding that I don't have to accept ~~the~~ it. It reads; Mr Goodenough HSM1 reviewed your complaint and stated he has no means to identify what may have occurred to your kite if it was returned to you. He has requested that you be seen at the next available sick call to allow you to address your concern with either the nurse or provider, G. Robbins. The Rewrite states; Rewrite, your Appeal does not make any sense, what are you appealing? Not getting a response on your kite or not seeing medical? G. Robbins. Both of these questions constitute a new issue. The original grievance was not being placed on sick call to be seen for the symptom I'd experience to be seen by a medical provider. I'm appealing the Informal Resolution. I'm Requesting that the Grievance be Process. It's clear that I wasn't sign up for sick call and seen by a medical provider. Please see the original complaint & it does not mention about not getting a response on the medical kite, the Grievance complaint is about not being seen on the sick call to be seen by a medical provider. In fact the Dictionary donate the second definition for such word specifically for the European Jews regarding the Acts of Horror of the Nazis during World War II.

Thus, History has stretch to to-days date which clearly present evidence that we African American is still stuck in a systematic pattern of Genocide, Masse Murder by a social policy prophesy, propagated as their propaganda to be dis-seminated to individuals throughout the world in cities of this world at rallies, dis-seminated on videos and the internet for the white race... is not the Genocide we African American experience by the hand of the white racist classified as a Holocaust.

Is not the horror the Palestinian is experiencing at the hand of the Jewish survivors of the war world II Nazis ~~with this~~ Holocaust, A Holocaust.

What's wrong with this picture... why can a white racist from Carolina be allowed to walk into a historical African American church and kill numerous of African American (by which one happen to be a G.O.P. and state representative) out of white racist ideology and he and his acts not be coined as terrorism and terrorist. but an ethnic person who is an Arab conduct the same act out of radicalism is coined as a terrorist.

What defringinate the acts of terrorism and legitimate resistants. The color of one skin and the people in power. is that true universal thought and agreement. It wouldn't matter what color you paint that house or who you put in it. we don't have a job crisis. we don't have a poverty crisis.

we don't have a immigration crisis. we don't have a health crisis. America for many has never been great and never will. it will only ever become comfortable to live in as a citizen for them. you know what the fuck we have... if you don't mind me ~~telling you~~ it's an ideal crisis!!! The jobs that immigrant do, American citizen should have no catering to the citizens problem doing. The sanctuary cities should be focus on catering to the citizens who are being fuck over unroyally by the man of this country before even looking at an illegal immigrant. The immigrant need not worry about the sanctuary cities... because they can migrate throughout the nation with no sweat. They are nationalize citizen.
