Dear Rita,

03-06-17

Howdy! Happy Belated Birthday to Elke! I actually got your comments on 2/27. It takes a few days before it gets to me in the mail.

Life is OK. I've been busy typing lately & I did meet someone special. His name is Warren. Unfortunately he went to the hole (segregation) on Friday (today is Monday), but hopefully he'll be out this week.

That's great you'll visit in October. That's right after my birthday.

I did get your letter from Indonesia. I like their stamps. Your visit sounds wonderful! I hope you didn't eat any cats or dogs. Yuck! A scrub with chocolate & milk? Yum! Sounds fattening! (HA!)

I'd like to see that movie, The Danish Girl. Alicia Vikander won an Oscar for her role in that movie.

I hope you don't have any more problems with your letters with George.

Take care of yourself & thanks for writing.

Love,
