(GONE Too Young Too Soon)

Part 1

To many of our Youth are being taken for No reason at all, Just being kelt do to the recklessness of the local gang members, and people who do stupid things. These are Suppose to be the next generation of our Country. The next doctors, lawyers, law enforcement, Singers, Actors and Actresses, and government rulers who are suppose to be able to move our Country towards greatness.

My home town of Chicago is at the top of the list of the loses of our young. who are being kelt because of on going gang wars and drug wars. These kids are being murdered by Stray bullets meant for another. Or most recently the young girl from texas who was murdered. A bright young girl and the future of our world taken to soon in a act of Cowardness. To the family i apologize for the life you lost. Because even if i didn't do it myself i've done enough wrong in my life. I pray that you Can use this lose as Strength and not anger and revenge.

This killing of our youth in our Communities need to stop, and as the adults we've gotta teach, and stregthen our children to make better choices.

Poem: (Confessions of A Thug)
Part 2 (Gone Too Young Too Soon)

Early morning noises of the hypes,
Old and young, man and woman,
Trying to get there next fix of all types.
Loose Squares, Weed rocks and blows,
Is what you hear so you assume it's alright.
Long days on the Carrier,
Serving for the next meal, the next outfit,
but the main goal is to become hood rich.
Willing to do what ever it takes,
to be like family and move up in the ranks.
Gotta be better than the next,
If not then, his outline on the ground show
a bullet to the Chest.

Kids playing with guns,
thinking what they see the older boys doing is fun.
Beefs popped off,
drive by shooting by a different Crew.
That bullet hit a little kid
that was meant for you.
My Confession is known by many,
I've been apart of plenty,
but i just want something knew.
