

4/13.

I am writing this in response to some questions I was asked. I am going to be as candid as I possibly can. These answers are based on my own feelings and experiences. I've been in prison so long I feel as if I was born here!!

I was 27 years old when I came down, I was in a relationship and it lasted for 3 years then life moved on... I've gotten over the self-pity a long time ago... but a man can not forget what was taken from him. The greatest Gift God ever gave Man was a good woman!!

I'm going to give my personal view to these questions. Some are almost too hard to answer... but answer I shall. Its real hard for me to go to these places... I've had to be a tough guy for so long that I scarcely remember being "loving, tender, kind, and thoughtful..." But there is not a day that goes by that I don't think about what it will be like to be loved again, should I ever get that lucky again. Knowing what I know now, I know exactly how I'll treat the next woman who decides to love me! That gift is worth more to me now than any amount of money I could ever have. Here is a bit of my reality... I know that there is not a single person alive who cares about me, or loves me. I know this and its a bitch of a pill to swallow! As that old adage goes... "You don't know what ya have till ya loose it..." Is more true than most give credit to!!

OK, on to these questions: (I hope I don't embarrass myself too bad.)

# WHAT ARE WAYS THAT MEN DEAL WITH MISSING WOMEN IN PRISON?

As I said, I'd be candid... ha! The very first, as you would guess is masturbation... This is a universal given! It's also one of the most written disciplinary cases here in prison. The way I deal with the absence of women is change my way of thinking. I have absolutely no way of having a girlfriend so I put my mind to other things. But it's still hard, don't get me wrong. We just been doing it along long time. See, we been in solitary for almost 20 years now. There is no human contact at all. So all a man has is the freedom of his own mind... I have spent years thinking about all the relationships I've ever had and how I screwed them up. Not a day goes by I don't think about how I'll treat my next girlfriend!

But how other guys deal with it... Not as you think they do. Many become homosexual. It's gotten so bad in here that the system had to start a new office! It's called "PREA". The acronym stands for: "Prison Rape Elimination Act."

As in the free world, Men think with their dicks in here as well. The things we seen in here most would not believe.

# DO YOU THINK MEN CHANGE NOT BEING AROUND WOMEN? Truth be told I really don't know if "they" do. In here, from my perspective, 90% of these "men" have very little respect for women. Women officers in here are treated so bad by most of these "men" that I don't see how they keep coming back to work. By their actions towards these women, they can't have any real respect for any other women.

These female guards come to work, from the time they get

here they have to put up with these "guys" standing in their cell doors jacking their dicks. They do this the whole time she is on the job. Yes, they can write cases, and most do, but it changes nothing. A lot of the ranking officers just throw the cases away in order to not have to deal with the work it will cause them. i.e. having to down grade the inmate, jack up his property, move him to other housing... ect...

These women are referred to "Bitches, Ho's, Tramps, Sluts, all because they work in a mens' prison. They are subjugated to 12 hours of constant degradation... The ones that "prnt" are the ones who, either like watching the dick, or the ones who just ignore these animals... "Do men change?" No, I think that they are what they are but in different circumstances they act different.

\* How Do You THINK THIS AFFECTS THEM WHEN THEY ARE RELEASED?

Ajj 13, how many people do you know that has done some real time in prison? Real time, being, 5 or more years? See, prison DOES NOT MAKE PEOPLE BETTER... Prison only makes one worse! You dont do some time and walk out of prison a better person for it... Women, are talked so bad about in here, its a damn shame. Only "Momma" has a sacred intonement. This prevalent attitude towards women gets stronger. When released, its ingrained and therefore has no choice but to role ones thought response.

"How Do Men Deal With THEIR 'Needs'? This is a lame question: There are only 3 physical ways to DEAL WITH NEEDS"

Lips, Hips, and Fingertips... These guys do as you are thinking. The thing in Texas prisons, there is no such things as Consensual Sex in Texas prison. Someone is getting "rape charges", or some sort of sex crime, charges filed on them. The way they decide is this. Whoever is in the weaker position is the "victim". No bullshit. Whoever is caught in the "female role", whether he has a dick in his mouth, ass, or hand, he is the victim.

\* Do you THINK SOLITARY CONFINEMENT CHANGES ANY OF THIS OR PLAYS INTO THIS TOPIC? Yes, I do. We not touched a female in over 23 years! Not even a conversation that plays into a relationship in any manner. I am scared to death of how to even begin a relationship. Sex? What is that? Yeah, I'm being facetious, but real. To me women are the better half of humanity. I am scared to death of getting my freedom back. I think about it every day. I do my best to see the problems I'm going to face but there is no way to do so. So yes, solitary does change more than you can really understand. I have spent 24 hours a day in a solitary cell. I may get to come out for 1 hour a day 2 times a week, if we are lucky. I do not have a radio, nor do I get any mail. I am completely alone in this world, but no matter how hard this time gets my mind is my own and one day we get out of here. Does it change a man, yes... Speaking for myself only, this has made me love women more than I thought possible. I now know how to treat a woman. We thought about for more than 2 decades!!

\* Do you THINK MEN BECOME MORE RESERVED OR DON'T KNOW HOW TO

DEAL WITH A WOMAN'S "TOUCH" WHEN RELEASED FROM PRISON?

They may for a minute or two if they have only been gone for a little while. Me, I'll be so scared just to talk to one, much less get touched by someone. It's something I'm looking for to and have been for the last 24 years!

I'm willing to work 2 jobs for a good woman. (3 if need be.)

OK, I seriously think people are not going to like a lot of this. That's if more than 1 or 2 read it. But be that as it may, I still love women more than anything. Anything else ya want to know?
