

## Doped and Doped-We Are Already Great

Hello everyone, I would like to tell you about something the Holy Spirit revealed to me. You all know how TRUMP promised to make AMERICA GREAT AGAIN, well I want to let you know, that it's beyond his ability to do. I want you to understand that NO leader is able to make ANY COUNTRY OR PEOPLE great, ever. This is a lie from the enemy because it's the people who make the leader OR COUNTRY great in the first place. I'll let you in on something else, God made YOU great when he formed you in the womb. Actually I AM WRONG, God made YOU great before he created the universe. The Devil's lies has twisted us up so horribly, God loves us all of us, every human since the beginning. Anyone who tells you anything else is allowing SATAN to use them to disrupt God's plan. NO ONE can make you great because YOUR FATHER did that before the first star illuminated the darkness. It breaks my heart seeing all the people running around in pain because the enemy has convinced them that they don't matter and that NO ONE loves them. God loves us so much and he loves us as we are, right now, and those who say God hates Gays, drug addicts, murderers, criminals, muslims, pagans, atheists are being used by evil. God loves us all, I feel it in my heart, he whispers it in my ear and shows me in my dreams and he asks me to tell you, all of you. Open up YOUR heart and allow God to show you he loves you, let him heal you and show you how great you are. It doesn't take rituals or drastic change in you, all it takes is YOU saying, "OK God, here I am, show me you love me!" Then sit back and be healed and anytime you doubt or something goes wrong just call out and ask for his help. Stop letting the enemies lies keep you trapped in darkness and pain, call out and let YOUR Father's love wash away your tears. God is fighting for you right now and I'm begging you because I love you all and I know how much God wants to hold you in his arms, kiss all your hurts and make it all better. God Bless you all.
