

NAME and NUMBER **HUTCHINSON,EDWIN P-68859**

Mr. Hutchinson very much appears to have true remorse for his past actions and also has taken many routes/programs to better himself and other inmates around him. My belief is Mr. Hutchinson would abstain from criminal activity and could be a true asset to his community. Mr. Hutchinson has shown leadership roles in his L.A. Project (where he mentors inmates being released to parole). Inmate Hutchinson has also shown a vast amount of pride and diligence in his work. With my numerous interactions and observations with/of Mr. Hutchinson, I believe he would be a good candidate for parole to where Mr. Hutchinson would abstain from criminal activity and could be a true asset to his community.
