

20 yrs following my brutum fulmen,
I finally fully understand:

WAR

- A means of bringing about a more amenable frame of mind on the part of an enemy.

War [OHG werren to confuse] 2 a: a state of hostility, conflict, or antagonism b: a struggle or competition between opposing forces or for a particular end, < a class -> < a - against disease >

The "enemy" in this war of homo sapiens verses Homo Sapiens, is of course: Stupidity!
As a "class" or "disease", stupidity is the enemy of Logic!

The war isn't in the streets, but rather in our Minds. And the intent of, Ordo ab Chao, is the achievement of Gnosis!

All of my ennobling encounters warranted this realization. Thank You ALL - Eternally.

HIGHLY COMMENDED
Mr. William Goehler

I have personal knowledge of the following:

Through his actions to help others; Mr. William Goehler, currently residing at Mule Creek State Prison, has helped dozens of inmates to improve their lives through the study and use of the technologies of Dianetics and Scientology. In the past, he was responsible for getting dozens of inmates onto extension courses of Dianetics and Scientology, and thus changing their lives. In the present, he has formed a group and has been getting inmates Dianetics and Scientology; including The Way To Happiness. This has resulted in dozens of success stories and changed lives. Recently, one such individual was released from a California State Prison after being in prison for 22 years and credits Scientology and Mr. Goehler with helping him change his life, get off drugs, get others off drugs and to be released from prison and start to lead a productive life and is currently on lines at an Ideal Organization of the Church of Scientology. Mr. Goehler was responsible for this and started this individual studying Scientology about two years ago.

Another person from Mr. Goehler's group, had been released over a year ago and the first thing he did was to visit a Church of Scientology and was reportedly still doing well.

Mr. Goehler helped to found a Scientology study group in prison which is called Scientology Prison Outreach (SPO); which continues to grow at Mule Creek State Prison.

This is true,

Thank you very much for your letter and it seems you have regular meetings in your prison chapel. Reading your letter, seems you have read some material by L. Ron Hubbard. How did you find out about Scientology?

Have you heard about Criminon and courses they offer for prison inmates? If not you can contact them at this address:

Hi William,

Got your package, a large one!

I think I understand how you are working to integrate the Criminon program into your SPO project. I have sent your write-up to my manager and have discussed how we might work together.

Criminon is approved to deliver a particular program of courses in a particular way. This is what has been approved by International Management. I will be working to get your students on-track with that program.

I see how you have elected to use the LSFL course as a way to get students grounded in basic study. That makes a lot of sense to me. Sending your student's lessons on the LSFL course to me for review and ultimate certification is appreciated and in conformance with the authorization that Criminon operates under. I didn't understand the certificates that you had issued to your students for completion of the course as that, per your comment, is outside your authorization.

A question could be asked as to what you are authorized to do within the framework of Criminon? We feel that the role of "Coach" would be an apt description. Criminon supervisors, like myself will have the correspondence course relationship, as we have with all our students, and you can coach them in completing their lessons. Badgering them along as you say.

I have reviewed the lessons your students sent and will be sending them by return mail any corrections. As they completed the Criminon referral form the process for them starting the Criminon program has begun.

After the students complete the LSFL course. Their next course will be TWTH. I will put a note in their file to send them the full course all at once.

After each student finishes the TWTH course we will send them the course they have indicated on their next course request form.

Let me know if you have any questions.

Best,

Dear William,

Hello. My name is Barbro Andersson, I am the ABLE (Association for Better Living and Education) Representative for the Western United States.

Your letter landed on my desk today and I read all the comm you had attached to the overall letter and I am very happy to see you completed the entire Criminon line-up! Well Done!!! What an accomplishment. How has it helped you? (I assume it has as it does if one applies it.)

I have been working in this ABLE network since 1992 and I absolutely love it.

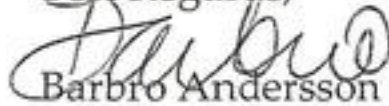

My cousin and I started a Narconon Drug Education group in Gothenburg, Sweden and I was shortlived there as I was offered a position at Narconon International and moved to LA in 1993. So then I joined ABLE International in 2002 and continued working with all groups until this day and still am and still loving it.

I was looking for solution and luckily found Mr. Hubbard's tech and saw it in use and I saw that it worked and have been with it ever since. It works. Period.

Have you gotten your hands on some other LRH books where you are? Or do you need some? You say you are in charge of a study group. What is it that you do there?

Looking forward to hearing from you and see how I can perhaps help you in any way.

Best Regards,

Barbro Andersson
