How Many Time Do YOU THANK A person
CAN withstand A CO. placing their Phallus or crotch up
Against their Butt. ? How many of you know what IF feels
Like to Be Stung, PARALYZED.
I hate so dearly when these Fucking ANIMALISTIC PARASITIC CREATURES
Touch me. They create these SCENARIOS, using ME, to isolate me.
to cause disruption; to BAIT others in, to TRAPEL me into a world
where it is okay for them to touch you
IN A MANNER of their choice without your
Consent. To insinuate, slander to TARNISH
YOU with Lies, MANIPULATION, BLACK MAIL...
Just so they can look good and get ahead.

They pick out. Search for and sieze
you, for their exploit. Starting when their
intended victim / TARGET is younger
Then AN INFANT.
How can we check our MAN if we don't RAPE them.
She says, with the 3 other Correctional OFFICERS. we turn the
KEYTAS AND TO BLAUSAS by Fucking them up their ASS...

A Laugh... Punk ASS Bitch. she ~~stay~~ Leaving out ~~the~~ the mod
Laughing... DH! you lucky what we do to you because
we will bring your own and let them do much worse.
Look at it from our point, you have NO family support NO
community support. no body writes you because no body
don't want to write you. we don't play with your man
you just don't get none. what's her name? who noses...
she told me it was body or was it Daily... Look it up...
calling me A N*****. It seems like it's every female.

Jennifer peddicord... she has this nice little thing she do.
using her para-psychological ability... Trish Escadore,
G*****, Sharon Duke, Sabrina Toering. (who love threatening and
intimidating me) I guess she wasn't too happy about that Blogg
with her name in it. you better print an apology... But it's
true... you and the medical staff and the rest of the floor
staff and administrative knew I was ~~type 1~~ Type 1
diabetic person when you all decided to create a degrading
scenario with the food tray to force me not to eat for
7 days knowing that I stand a high chance of having an
attack and dying or worse. and you did it anyway?

They want an apology... Here's your fucking apology...
Tell Archard orchard, Richard Yeater, Craig Diebwig, Thuti,
Albert, Lewis and the rest of these mutha fuckas up here to
touch my ASS with their phallus so it could be cover up
and I can be infracted ~~so it could be cover up~~ AS
A form of retaliation for filing a complaint against them.
Get PA Jo Phillips to sophisticatedly kill my ASS off
or some other PA or medical provider...

RANT TO RAVE

Fall Through with your plan to have me TRANSFER out of state to some other state penitentiary ~~because~~ as a form of Retaliation because you'll never get that apology... In fact here's a few choice words for you and the rest of your co-workers who happen to make it home safely after you animals commit your acts of atrocities in here and skate clean.

While I sit in an cold ass cell fighting to prevent another Diabetic Attack that might kill me or worse in this cell.

Here is what I felt today and the last time I was Stun by some nasty ASS female co or some ill minded male co, that don't have the common sense or guts to reveal her identity so I can express to whoever is following this blog what occurs to me... my experiences as a prisoner in the good ole united States of America. I felt Nothing.. I knew Nothing. I could not

React to defend myself against such atrocity even if I could...

what's even more agonizing is when all of ~~you~~ you touch or talk to me...

I Hate it ~~any~~ when any other female co touch or talk to me But I Hate it even more when you do it... so Badly...

You and Jennifer Peddicord, Trish.

When I think about the female that might take the courageous step and write me on a level that should be so decent. I feel nothing but sorrow for her.

Knowing what my action and behavior, Life style would be...

They would have to be tougher than Fords and Tunka Toys...

You guys can rub your phallus and pelvis up against my ASS until the word end. You can sexually degrade me with that got damn dog leash you call a Rope, the cuff key or whatever you fucking animal find to your liking... But you'll never get an apology out of me for Blogging about the TRUTH of your action and intent within these penitentiary walls.

FUCK YOU !!!

I pray all of you die for the shit you subject me to daily...

How do you deal with highly manipulative people?

How do you deal with them when they're in the U.S. Government.
