Dear Rita,

Hi, how are you? I pray God. I just got your latest comments yesterday. Please forgive my bad writing, I'm in the hole. The prison took my single cell & my brother that I lost touch with years ago suddenly died. I ended up in the hole. I was put in a cell naked with nothing for 1 week. I got 30 days. I am hoping to be let out early on 4-26. If not, my time is up May 5. I have not heard from my brother yet but he'll send the money when he gets it. Thank you very much. I lost my job too so now I've to see if I can get it back or if it's too late. My brother's name is John Justin but everyone calls him JJ or Jay or Justin. No one calls him John. You can see me with the puppies on Facebook. Just type in my name. Also, a new site with me & others or it called

Fossils and Feathers.org.

My friend J.C. is helping me with this & she is a great writer. Check it out & tell your friends. Give us time & it will be great.

If I can't get my job back, I won't see the puppies any more. That would suck! Yes, I did get the money you sent me when my brother lost all his email addresses.

I am hoping you have a wonderful trip to go see George. Be sure to tell me all about it. I need to get out and see my num.

She is not getting any better. Maybe George would like his story listed on the computer? An idea. I know you are having a wonderful time with Lars. I always love time with my brother's child Lucy.

Prisons are so dirty & old, they are not properly cleaned so many prisoners get bad staph infections because it's so dirty. I've very little paper so I must go. Take very good care of yourself, enjoy your visit. Have a wonderful time, & I'm sure I'll hear from you soon. Sorry so short. Good bye for now my friend. God Bless. CIAO
