

April 25, 2017: 8pm

my post from April 17 was supposed to say,  
"RIPOSA IN PACE MIO FRATELLO" MEANS REST IN PEACE my  
brother. I barely knew my brother Bobby SLINNEY, & NOW I NEVER  
will. Dead at 37. He certainly deserved better. I am the last  
surviving son of my father, my other 2 brothers by him are buried.  
I do HAVE 2 sisters that I am trying to re-connect with. If I  
learned anything in my life, I've learned family means EVERYTHING &  
EVEN the harshest of words can be forgiven. I forgive my older  
brother Jeremy PEZZECA for saying my daughter was a whore.  
I looked up to my big brother my whole life but all he does is put  
me & my daughter down. He told me he was glad that I'll die  
in here. Watching my mom slowly die from LEUKEMIA puts life  
into perspective. I miss my family, & I forgive you's for how  
you've treated me these last 18+ yrs in here. I hope you's can  
FORGIVE ME. I made a lot of mistakes but I'm learning. This should  
be my last handwritten post. I am hoping to get out of the hole  
to morrow.

If you are a religious person please say a prayer for my mom  
Beverly. She had a bone marrow biopsy on 4-13 to see how bad  
the cancer was. She is a great woman who deserves to live.  
I would gladly give her all my years if I could. my  
daughter still doesn't speak to me but I pray for her too. Some  
days I get so depressed, so discouraged, I PRAY for better.

PLEASE check out a new site:

Fossils and Feathers.org

Let's see if we can make change. Show that people can  
& DO change for the better. God Bless CIAO.

SAY A prayer for my brother's soul. Robert Slinney 3-7-80 / 4-1-17
