

FEEL THE LOVE

My heart is a bottle filled
with Love, and it overflowed.
The fragrance have made itself known;
it is stronger than L'eau de Cologne.
To: All who seek Romance and Love.
You too can love and romance.
Can you smell the intoxicating fragrance?
Smell it as those who shake my hand.
Touch the warmth of my extended Love.
I mean the Natural Love.
Feel the love, from a son,
like the light of the Sun.
Bask in the moonlight,
when you walk in the night.
Feel that, then you could feel Love!
Just like it is stored
in the love cellar
in the dungeon afar!
It's called a heart.
