My Jeannie
when you came
into my world
I became a
believer in dreams
from first sight
to first kiss
from our dreams
of one another
to the dreams
in our hearts
from the dreams
of our yesterdays
to the dreams
of our tomorrows
we were meant
to be together
always + all ways
forever and ever

I miss you - I love you - and I need you
to keep your head up. Know that I am
next to you in my heart - holding + kissing
you - and I will be forever + ever.

Love You Always Your Steve
