

I'm Serious

## The reason for smiling

Seem's to be fading bccay I've  
yet to find what everyone longs  
for, a special love, that's ment for  
only me, wholl say with 1 accord  
forget what's formal or exceptable  
in today's society and scream  
at loud I love'm regardless  
his or her past doesn't define  
who he or she is right now and  
Yeah(I'm Serious)

Truly Curious to find a "perfect"  
perfect, person inside an out you  
Can sense love radiating off them  
to where there off draws you in an  
makes you want to do "better" I'm  
Serious <sup>haha</sup>
